1. INTRODUCTION AND DEVELOPMENT DISCUSSION

The property presently described as St. Augustine - St. Johns County Airport was deeded to the Authority in 1965 and has been generally under the care, custody and control of the St. Augustine - St. Johns County Airport Authority since that time. The airport was constructed by the United States Navy in 1941 in support of war efforts. With the eventual close of World War II, the airport was declared surplus to the needs of the military and through the War Assets Administration was deeded to the City of St. Augustine in 1946. The City operated the facility until Florida Legislature created, by special act, the Airport Authority and the deed was transferred in 1965.

The deed for the property contains several provisions which require or disallow certain activities pertaining to the use of the property, including:

- A. First and perhaps most importantly, the deed requires the Authority to maintain and operate the property as a public-use airport. Only after meeting that condition does the Authority have the requirement and ability to utilize property declared surplus to aviation needs for non-aviation revenue producing efforts.
- B. Another main deed provision involves the use of revenues derived from the utilization of airport property. Explicit language contained in the deed requires that all revenues derived from the use of airport property must go toward the operation and maintenance of the airport, with priority given to actual aviation areas.
- C. The deed also provides that the airport develops a rental and fee structure that will make it as self-sustaining as possible.

Acceptance of grant money from the Federal Government (Federal Aviation Administration) obligates the Authority to many specific and more detailed requirements as they relate to the lease and use of airport property. For practical purposes, these "assurances" as they are known, obligate the Authority for a period generally not less than twenty (20) years from the acceptance of a grant. A copy of the most recent assurances is provided in Section 9.1. The grants accepted to-date have resulted in many capital, and money intensive projects being accomplished. The projects continue to benefit the community and would not have been possible without Federal Assistance.

Another key document is a Federal Aviation Administration publication entitled "Leasing of Surplus Airport Properties", Airport Compliance Requirements – F.A.A. Order 5190.6A. This governmental publication serves as the primary guidance document for Federal Aviation Administration staff and airport owners in complying with the deed and grant assurance requirements.

This Policy Document was developed for the purpose of codifying and facilitating a fair and consistent policy related to leasing efforts related to all airport property. This document is not intended to address all possible situations and/or requests relative to lease administration of Airport property. However, this document does attempt to detail the fundamental and recurring nature of the leasing effort; and, serves as a consensus document of the overall lease policy in effect. The document has been intentionally formatted to allow for periodic review and update, as necessary, to assure continued compliance with minimum federal and state requirements, as well as local rules, regulations and directives related to the leasing of airport property.

Generally, the procedures detailed within are applicable to all leases of airport property. In its development, this document makes every attempt to adhere to the guidelines, rules, regulations, and policy interpretations as promulgated by the Federal Government through the property deed, grant assurances, and FAA Order 5190.6A or its successor(s). However, the sole responsibility for development and administration of lease policy consistent with federal requirements rests exclusively with the property owner (Airport Authority).

The airport administration office maintains a repository for the referenced documents. These documents are available for public inspection during the normal business hours of the airport administration office.

Specific consideration and policy development has been made relative to the leasing activities of T-Hangars, Box Hangars and Tie Downs. All reasonable attempts were made to distinguish these types of leasing activities from that of other types of leasing activities. Where apparent conflicts or contradictions may exist in the leasing of T-Hangar type units, the specific guidance provided for T-Hangars shall apply over that of a more generalized nature.

The Authority may from time-to-time find it in the best interest of its business interests to temporarily modify or suspend any or all provisions contained herein without the need to amend or suspend the entirety of this Policy. Any such changes shall require a majority vote of the Authority and will require specific declaration as to the reason(s) behind the change and shall specify the duration of said change as a part of their action.

Mandatory Lease Clauses for Airports Receiving Federal Airport Aid

Owners of public airports to which the Federal Aviation Administration has made grants of Federal funds must assure the FAA that all existing leases concerning the providing of any service to the public on the airport contain Clauses I through X. If the existing lease does not contain any of such existing lease for examination. If any existing leases do not contain these two clauses, then they should be amended prior to submission to FAA.

All existing leases concerning aeronautical services on airports receiving Federal aid must contain Clauses I, II, III, IV, and V, and it is recommended that the remaining clauses (VI-X) also be included in this type of lease.

Airport owners requesting Federal airport aid should assure that all existing leases are so amended as to include the remaining clauses of their request. Airport owners, after entering into a Grant Agreement, should include the listed clauses, as appropriate in all future lease agreements.

4. APPLICATION AND WAITING LISTS

It shall be the policy of the St. Augustine - St. Johns County Airport Authority that application for aviation and non-aviation lease space shall be made using a uniform and consistently applied methodology. Where circumstances exist that waiting lists are required to segregate the demand for Authority owned facilities, the development and maintenance of said lists shall be developed, managed and maintained by the Executive Director.

Implementation Procedures

1. Application shall be on a form and in a manner provided by the Airport Authority and shall be subject to periodic updates and changes as determined necessary by Executive Director.
2. Applications shall specify with sufficient detail the nature of the proposed use including the name and contact information of the proposed lessee, the lessee's minimum or maximum space requirements and expected development timeline (if required), and shall comply where applicable with the requirements of Section 8.1.

To the greatest extent possible, the Executive Director shall match the space and use requirements of a potential tenant on the "waiting list" to that of an available unit(s). Information provided or amended by a prospective lessee shall form the basis of any such evaluation effort. The failure on the part of any prospective lessee to provide or keep current waiting list information shall not be considered adequate grounds for reversal of the Executive Director's decisions relative to an appropriate match of available space proposed lessee.

Exclusive of T-Hangar and Box Hangar type units, applications for other building space will not be accepted where the proposed scope of operation includes the sublease of more than 25% of the available square footage of the building space. Individuals or firms wishing to sublet more than 25% of building space shall be required to capitalize their own facilities after entering into an appropriate land lease with the Authority.

ADDITIONAL CONSIDERATION FOR COMMERCIAL AVIATION USES

Proposed Lessee's that have engaged in Commercial Aviation and a determination of "public use and benefit" has been properly made relative to the proposed commercial operation, shall be afforded first opportunity to lease existing available space and/or priority in occupancy in appropriate "built to specifications" space initiated by the Airport Authority, consistent with FAA guidelines.

ADDITIONAL PROCEDURES FOR T-HANGARS, BOX HANGARS & TIE DOWNS

1. The Executive Director shall develop, manage and maintain a waiting lists of qualified individuals desiring to lease a T-Hangar, box type hangars or tie-downs from the Authority. The Executive Director, consistent with the following provisions, shall administer the hangar waiting list.
2. The list shall be generally maintained in the order, in which the list has been developed, i.e., first names received shall be afforded the first opportunity for rental and subject to the following:

- a. Individuals will be contacted via phone or email and afforded a three (3) business day period, to affirm their desire to lease the available hangar unit.
 - b. In the event the individual listed in the first position on the waiting list has specific aircraft requirements inconsistent with the available hangar unit, they will be retained in their relative position on the list for an appropriate hangar unit when available. A declination of an appropriately sized unit will result in forfeiture of waiting list position as provided herein.
 - c. Should the individual listed in first position on the waiting list fail to respond in the time specified, the individual listed in second position shall be contacted in like manner and afforded the opportunity to lease the available hangar unit. Movement through the list, in the order established, shall continue until the available unit is leased.
 - d. In the event that any individual fails to respond within the specified period described in Paragraph 1 above, he or she will be contacted via first class mail at the last address on file, for the purpose of affirming his or her desire to lease the next available hangar unit. Failing that, an individual who remains unresponsive for a period exceeding thirty (30) days shall be removed from the waiting list and shall forfeit all previous position on the waiting list.
 - e. The Executive Director shall conduct an annual review and adjustment of the waiting list. Such review shall verify current contact information of all individuals listed. Any individual, who fails to respond for more than thirty (30) days during the annual waiting list review, shall be removed from the list without additional priority on any new list.
 - f. Waiting List Individuals without Aircraft – Since Lessee's can build kit-type aircraft or may be waiting for an available T-Hangar prior to purchasing a new aircraft, aircraft ownership shall not be a condition precedent to leasing a T-Hangar. New Lessees who reach the top of the list and have a hangar become available shall have two options: (1) enter a lease and begin paying rent and have up to one hundred eighty (180) days to acquire an aircraft or acquire a kit-type aircraft after entering a lease; or (2) pass once on a T-Hangar and remain at the top of the waiting list for a period of one hundred eighty (180) days for the next available unit so as to allow the potential Lessee additional time to acquire an aircraft.
3. Additional Consideration for Existing T-Hangar Lessee's – An existing t-hangar lessee desiring to change specific hangar units shall be afforded a "first opportunity" to affect the change prior to the contact of individuals on the waiting list. The Executive Director shall maintain a list of individuals desiring such lateral moves. In affecting this provision, a new lease agreement reflecting the then current specific rates and terms associated with the desired unit shall be required of the Lessee.

5. COMPLIANCE WITH AIRPORT MASTER PLAN

It shall be the policy of the St. Augustine - St. Johns County Airport Authority that proposed leases of airport property shall be in general accordance with the approved Airport Master Plan or Airport Layout Plan depicted use.

Implementation Procedures

1. Proposed leases and/or developments intended for lease or sub-lease shall be reviewed for compliance with the then current FAA approved and Airport Authority adopted Airport Master Plan and/or Airport Layout Plan.
2. Proposed property uses which do not conform to the approved Airport Layout Plan will not be approved until which time as appropriate revisions to the plan are made and concurred in by the FAA and the Authority.

3. Federal Aviation Administration comments and/or objections, shall be addressed, in writing, and presented with the proposed agenda item for consideration by the St. Augustine - St. Johns County Airport Authority.
4. When the FAA does not interpose an objection(s) to a proposed lease, such confirming correspondence shall accompany the agenda item for Airport Authority action.
5. Any proposed lease condition or clause which would have the potential effect of jeopardizing any compliance item as noted by the FAA, will be clearly communicated to the Authority as a part of the agenda memorandum.
6. Airport Staff will facilitate all necessary communication with the FAA relative to lease related review requests and as necessary to gain consensus.

RE: Federal Aviation Administration (FAA) Lease Requirements

Dear Mr. Wuellner:

As a result of recent legislative emphasis on rates and charges, revenue diversion, and fair market value requirements, some airport owners have become more concerned with their compliance obligations associated with non-aeronautical leases. In order to enhance awareness of those obligations, we have developed a checklist entitled "Lease Review" (Enclosure 1) and a compilation of required Standard Clauses entitled "Specific Leasing Requirements" (Enclosure 2) to facilitate development of leases in full conformance with Federal requirements.

The main issues to be considered in any agreement are assurances that the contract:

1. Does not grant or deny rights to use the airport facilities contrary to the requirements of law and applicable obligations to the U. S. Government; and
2. Does not negatively impact current or future aeronautical usage, or restrict the owner's ability to meet obligations to the U. S. Government (including fair market value requirements).

The form of the written instrument used to grant airport privileges is the sole purview of the airport owner.

We request that you submit the completed checklist/certification with any lease submitted to this office for review and that copies be retained in your files, with the associated executed lease agreement, for quick reference.

Please note: You are not required to submit aeronautical leases to this office for review and, in fact, we would request that you do so only in unusual circumstances where you need specific guidance.

Please contact us if you have any questions.

Sincerely,

Charles E. Blair
Manager

Exhibit 7.2

FAA Document - "Specific Leasing Requirements"

Specific Leasing Requirements

General:

Regarding rental rates, the Federal Aviation Administration (FAA) is unilaterally opposed to excessively low (or no) rent for land which in a sense belongs to the public, regardless of whether it is considered aviation or non-aviation use land.

Public lands will not be made available for private enterprise without obtaining a fair market return. No private individual, or firm, has a right to the use of publicly funded airport land for personal gain without paying their fair share of the maintenance, development and operation of the facility. Having invested substantial public funds in the capital airport plant, the public owner and the FAA have thereby created a business opportunity for privately owned aviation services and non-aviation uses which otherwise would not exist. Therefore, the Sponsor has both a right and obligation to command a reasonable return on their investment.

Further, a no rent or excessively low rent lease (Aviation or Non-aviation) will not meet the requirement of the Sponsor's assurance contained in current grant agreements, which reads in part:

"Sponsor will maintain a fee and rental structure consistent with assurances 22 and 23 for the facilities and services being provided the airport users which will make the airport as self-sustaining as possible under the circumstances existing at that particular airport, taking into account such factors as the volume of traffic and economy of collection."

A fair market rental value (historically 8% to 12% of fair market value) should be assessed for grounds within the leasing area. The fair market rental value of land to be leased should be determined by an acceptable market analysis, usually formal appraisals. Such leases must bring a fair market return to the airport.

As an alternative to or in addition to charging a fee for all land under lease, many airport owners are charging a percentage of the gross income of the fixed based operator (FBO). This method may result in a fair return on the land and allows the airport to grow as the FBO grows. Regardless of the rates or methods used, they must remain non-discriminatory. (This will be further addressed in the escalating clauses section.)

Enclosure 2

Exhibit 7.3

Please note, fuel flowage fees are considered a pass through actually paid by aircraft operators and, therefore, are not considered applicable to rent. A fuel flowage fee should be applied equally to all airport tenants, whether commercial or private. Further, the fee should be applied to all fuel delivered to the airport for economy of collection.

FAA approved Airport Layout Plan (ALP):

An approved ALP, required by federal statute, depicts the entire property, identifies the present facility and the plans for future development. The ALP reflects agreement between FAA and the airport owner as to the proposed allocation of areas of the airport to specific operational and support functional usage. Thus the ALP becomes the controlling instrument in both aviation and non-aviation development. As it relates to leasing, it readily identifies those areas that may be leased to conduct non-aviation enterprises.

Lease clauses required by FAA:

Nondiscrimination

The tenant for himself, his personal representatives, successors in interest, and assigns, as a part of the consideration hereof, does hereby covenant and agree that (1) no person on the grounds of race, color, or national origin shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination in the use of said facilities, (2) that in the construction of any improvements on, over or under such land and the furnishing of services thereon, no person on the grounds of race, color, or national origin shall be excluded from participation in, denied the benefits of, or be otherwise subjected to discrimination, (3) that the tenant shall use the premises in compliance with all other requirements imposed by or pursuant to Title 49, Code of Federal Regulations, Department of Transportation, Subtitle A, Office of the Secretary, Part 21, Nondiscrimination in Federally assisted programs of the Department of Transportation-Effectuation of Title VI of the Civil Rights Act of 1964, and as said Regulations may be amended.

That in the event of breach of any of the above nondiscrimination covenants, Airport Owner shall have the right to terminate the lease and to re-enter and as if said lease had never been made or issued. The provision shall not be effective until the procedures of Title 49, Code of Federal Regulations, Part 21 are followed and completed, including exercise or expiration of appeal rights.

Exhibit 7.3 (Continued)

Airport Protection

It shall be a condition of this lease, that the lessor reserves unto itself, its successors and assigns, for the use and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the real property hereinafter described, together with the right to cause in said airspace such noise as may be inherent in the operation of aircraft, now known or hereafter used, for navigation of or flight in the said airspace, and for use of said airspace for landing on, taking off from or operating on the airport.

That the Tenant expressly agrees for itself, its successors and assigns, to restrict the height of structures, objects of natural growth and other obstructions on the hereinafter described real property to such a height so as to comply with Federal Aviation Regulations, Part 77.

That the Lessee expressly agrees for itself, its successors and assigns, to prevent any use of the hereinafter described real property which would interfere with or adversely affect the operation or maintenance of the airport, or otherwise constitute an airport hazard.

Subordination

This lease and all provisions hereof are subject and subordinate to the terms and conditions of the instruments and documents under which the Airport Owner acquired the subject property from the United States of America and shall be given only such effect as will not conflict or be inconsistent with the terms and conditions contained in the lease of said lands from the Airport Owner, and any existing or subsequent amendments thereto, and are subject to any ordinances, rules or regulations which have been, or may hereafter be adopted by the Airport Owner pertaining to the _____ Airport..

Exclusive Rights (required in aviation leases only)

Notwithstanding anything herein contained that may be, or appear to be, to the contrary, it is expressly understood and agreed that the rights granted under this agreement are non-exclusive and the Lessor herein reserves the right to grant similar privileges to another Lessee or other Lessees on other parts of the airport.

Exhibit 7.3 (Continued)

Escalation Clauses

Since the annual cost of satisfactorily operating and maintaining an airport will most likely increase throughout the term of the lease, provisions should be made to insure that fair market rental value rates remain current throughout the life of the lease. Accordingly, rental rates should be adjusted at a minimum of 5 year increments. An escalating clause or other means of automatically adjusting must be incorporated into long term leases to provide for this adjustment. A local, state or federal cost of living index can be utilized as the basis for determining the increase. The following is a sample clause:

"Lessor and lessee recognize and agree that the purchasing power of the United States dollar is evidenced by the _____ (Name of appropriate index). In 199____, and every five years thereafter, the parties hereto will compare the price index for said year with the price index for (state year the lease is executed) and the annual rental payments shall be increased (or decreased) in the same proportion as said price index has increased (or decreased) with the price index for (state the year the lease is executed)."

Other Acceptable Methods of Adjusting Lease Rates

"This lease shall be subject to review and re-evaluation at the end of each _____ year period, by the airport owner and the rent may be adjusted according to their action, not to exceed the Consumer Price Index rate during the _____ month period." or

"Land less improvements will be appraised every 5 years and the adjusted rental will be based on _____ percent (normally 10-12%) of appraised value. If disputed, lessor obtains appraisal at his own expense and lessor/lessee equally share expense for review appraisal that establishes fair market value."

Consideration may be given relating to percentages of gross sales, etc. Due to escalating land values in the southeast over the previous years many leases of this nature fail to command a fair market rental rate throughout the life of the lease if the airport is located in a high growth area. Caution should be used when entering into this arrangement.

- b. It will suitably operate and maintain noise compatibility program items that it owns or controls upon which Federal funds have been expended.

20. Hazard Removal and Mitigation.

It will take appropriate action to assure that such terminal airspace as is required to protect instrument and visual operations to the airport (including established minimum flight altitudes) will be adequately cleared and protected by removing, lowering, relocating, marking, or lighting or otherwise mitigating existing airport hazards and by preventing the establishment or creation of future airport hazards.

21. Compatible Land Use.

It will take appropriate action, to the extent reasonable, including the adoption of zoning laws, to restrict the use of land adjacent to or in the immediate vicinity of the airport to activities and purposes compatible with normal airport operations, including landing and takeoff of aircraft. In addition, if the project is for noise compatibility program implementation, it will not cause or permit any change in land use, within its jurisdiction, that will reduce its compatibility, with

respect to the airport, of the noise compatibility program measures upon which Federal funds have been expended.

22. Economic Nondiscrimination.

- a. It will make the airport available as an airport for public use on reasonable terms and without unjust discrimination to all types, kinds and classes of aeronautical activities, including commercial aeronautical activities offering services to the public at the airport.
- b. In any agreement, contract, lease, or other arrangement under which a right or privilege at the airport is granted to any person, firm, or corporation to conduct or to engage in any aeronautical activity for furnishing services to the public at the airport, the sponsor will insert and enforce provisions requiring the contractor to-
 - 1) furnish said services on a reasonable, and not unjustly discriminatory, basis to all users thereof, and
 - 2) charge reasonable, and not unjustly discriminatory, prices for each unit or service, provided that the contractor may be allowed to make reasonable and nondiscriminatory discounts, rebates, or other similar types of price reductions to volume purchasers.
- c. Each fixed-based operator at the airport shall be subject to the same rates, fees, rentals, and other charges as are uniformly applicable to all other fixed-based operators making the same or similar uses of such airport and utilizing the same or similar facilities.
- d. Each air carrier using such airport shall have the right to service itself or to use any fixed-based operator that is authorized or permitted by the airport to serve any air carrier at such airport.
- e. Each air carrier using such airport (whether as a tenant, non-tenant, or subtenant of another air carrier tenant) shall be subject to such nondiscriminatory and substantially comparable rules, regulations, conditions, rates, fees, rentals, and other charges with respect to facilities directly and substantially related to providing air transportation as are applicable to all such air carriers which make similar use of such airport and utilize similar facilities, subject to reasonable classifications such as tenants or non-tenants and signatory carriers and non-signatory carriers. Classification or status as tenant or signatory shall not be unreasonably withheld by any airport provided an air carrier assumes obligations substantially similar to those already imposed on air carriers in such classification or status.
- f. It will not exercise or grant any right or privilege which operates to prevent any person, firm, or corporation operating aircraft on the airport from performing any services on its own aircraft with its own employees [including, but not limited to maintenance, repair, and fueling] that it may choose to perform.
- g. In the event the sponsor itself exercises any of the rights and privileges referred to in this assurance, the services involved will be provided on the same conditions as would apply to the furnishing of such services by commercial aeronautical service providers authorized by the sponsor under these provisions.
- h. The sponsor may establish such reasonable, and not unjustly discriminatory, conditions to be met by all users of the airport as may be necessary for the safe and efficient operation of the airport.

- i. The sponsor may prohibit or limit any given type, kind or class of aeronautical use of the airport if such action is necessary for the safe operation of the airport or necessary to serve the civil aviation needs of the public.

23. Exclusive Rights.

It will permit no exclusive right for the use of the airport by any person providing, or intending to provide, aeronautical services to the public. For purposes of this paragraph, the providing of the services at an airport by a single fixed-based operator shall not be construed as an exclusive right if both of the following apply:

- a. It would be unreasonably costly, burdensome, or impractical for more than one fixed-based operator to provide such services, and
- b. If allowing more than one fixed-based operator to provide such services would require the reduction of space leased pursuant to an existing agreement between such single fixed-based operator and such airport. It further agrees that it will not, either directly or indirectly, grant or permit any person, firm, or corporation, the exclusive right at the airport to conduct any aeronautical activities, including, but not limited to charter flights, pilot training, aircraft rental and sightseeing, aerial photography, crop dusting, aerial advertising and surveying, air carrier operations, aircraft sales and services, sale of aviation petroleum products whether or not conducted in conjunction with other aeronautical activity, repair and maintenance of aircraft, sale of aircraft parts, and any other activities which because of their direct relationship to the operation of aircraft can be regarded as an aeronautical activity, and that it will terminate any exclusive right to conduct an aeronautical activity now existing at such an airport before the grant of any assistance under Title 49, United States Code.

24. Fee and Rental Structure.

It will maintain a fee and rental structure for the facilities and services at the airport which will make the airport as self-sustaining as possible under the circumstances existing at the particular airport, taking into account such factors as the volume of traffic and economy of collection. No part of the Federal share of an airport development, airport planning or noise compatibility project for which a grant is made under Title 49, United States Code, the Airport and Airway Improvement Act of 1982, the Federal Airport Act or the Airport and Airway Development Act of 1970 shall be included in the rate basis in establishing fees, rates, and charges for users of that airport.

25. Airport Revenues.

- a. All revenues generated by the airport and any local taxes on aviation fuel established after December 30, 1987, will be expended by it for the capital or operating costs of the airport; the local airport system; or other local facilities which are owned or operated by the owner or operator of the airport and which are directly and substantially related to the actual air transportation of passengers or property; or for noise mitigation purposes on or off the airport. The following exceptions apply to this paragraph:
 - 1) If covenants or assurances in debt obligations issued before September 3, 1982, by the owner or operator of the airport, or provisions enacted before September 3, 1982, in governing statutes controlling the owner or operator's financing, provide for the use of the revenues from any of the airport owner or operator's facilities, including the airport, to support not only the airport but also the airport owner or operator's general debt obligations or other facilities, then this limitation on the use of all revenues generated

by the airport (and, in the case of a public airport, local taxes on aviation fuel) shall not apply.

- 2) If the Secretary approves the sale of a privately owned airport to a public sponsor and provides funding for any portion of the public sponsor's acquisition of land, this limitation on the use of all revenues generated by the sale shall not apply to certain proceeds from the sale. This is conditioned on repayment to the Secretary by the private owner of an amount equal to the remaining unamortized portion (amortized over a 20-year period) of any airport improvement grant made to the private owner for any purpose other than land acquisition on or after October 1, 1996, plus an amount equal to the federal share of the current fair market value of any land acquired with an airport improvement grant made to that airport on or after October 1, 1996.
 - 3) Certain revenue derived from or generated by mineral extraction, production, lease, or other means at a general aviation airport (as defined at Section 47102 of title 49 United States Code), if the FAA determines the airport sponsor meets the requirements set forth in Sec. 813 of Public Law 112-95.
- b. As part of the annual audit required under the Single Audit Act of 1984, the sponsor will direct that the audit will review, and the resulting audit report will provide an opinion concerning, the use of airport revenue and taxes in paragraph (a), and indicating whether funds paid or transferred to the owner or operator are paid or transferred in a manner consistent with Title 49, United States Code and any other applicable provision of law, including any regulation promulgated by the Secretary or Administrator.
 - c. Any civil penalties or other sanctions will be imposed for violation of this assurance in accordance with the provisions of Section 47107 of Title 49, United States Code.

26. Reports and Inspections.

It will:

- a. submit to the Secretary such annual or special financial and operations reports as the Secretary may reasonably request and make such reports available to the public; make available to the public at reasonable times and places a report of the airport budget in a format prescribed by the Secretary;
- b. for airport development projects, make the airport and all airport records and documents affecting the airport, including deeds, leases, operation and use agreements, regulations and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request;
- c. for noise compatibility program projects, make records and documents relating to the project and continued compliance with the terms, conditions, and assurances of this grant agreement including deeds, leases, agreements, regulations, and other instruments, available for inspection by any duly authorized agent of the Secretary upon reasonable request; and
- d. in a format and time prescribed by the Secretary, provide to the Secretary and make available to the public following each of its fiscal years, an annual report listing in detail:
 - 1) all amounts paid by the airport to any other unit of government and the purposes for which each such payment was made; and
 - 2) all services and property provided by the airport to other units of government and the amount of compensation received for provision of each such service and property.

27. Use by Government Aircraft.

It will make available all of the facilities of the airport developed with Federal financial assistance and all those usable for landing and takeoff of aircraft to the United States for use by Government aircraft in common with other aircraft at all times without charge, except, if the use by Government aircraft is substantial, charge may be made for a reasonable share, proportional to such use, for the cost of operating and maintaining the facilities used. Unless otherwise determined by the Secretary, or otherwise agreed to by the sponsor and the using agency, substantial use of an airport by Government aircraft will be considered to exist when operations of such aircraft are in excess of those which, in the opinion of the Secretary, would unduly interfere with use of the landing areas by other authorized aircraft, or during any calendar month that –

- a. Five (5) or more Government aircraft are regularly based at the airport or on land adjacent thereto; or
- b. The total number of movements (counting each landing as a movement) of Government aircraft is 300 or more, or the gross accumulative weight of Government aircraft using the airport (the total movement of Government aircraft multiplied by gross weights of such aircraft) is in excess of five million pounds.

28. Land for Federal Facilities.

It will furnish without cost to the Federal Government for use in connection with any air traffic control or air navigation activities, or weather-reporting and communication activities related to air traffic control, any areas of land or water, or estate therein, or rights in buildings of the sponsor as the Secretary considers necessary or desirable for construction, operation, and maintenance at Federal expense of space or facilities for such purposes. Such areas or any portion thereof will be made available as provided herein within four months after receipt of a written request from the Secretary.

29. Airport Layout Plan.

- a. Subject to the FAA Reauthorization Act of 2018, Public Law 115-254, Section 163, it will keep up to date at all times an airport layout plan of the airport showing:
 - 1) boundaries of the airport and all proposed additions thereto, together with the boundaries of all offsite areas owned or controlled by the sponsor for airport purposes and proposed additions thereto;
 - 2) the location and nature of all existing and proposed airport facilities and structures (such as runways, taxiways, aprons, terminal buildings, hangars and roads), including all proposed extensions and reductions of existing airport facilities;
 - 3) the location of all existing and proposed non-aviation areas and of all existing improvements thereon; and
 - 4) all proposed and existing access points used to taxi aircraft across the airport's property boundary. Such airport layout plans and each amendment, revision, or modification thereof, shall be subject to the approval of the Secretary which approval shall be evidenced by the signature of a duly authorized representative of the Secretary on the face of the airport layout plan. The sponsor will not make or permit any changes or alterations in the airport or any of its facilities which are not in conformity

with the airport layout plan as approved by the Secretary and which might, in the opinion of the Secretary, adversely affect the safety, utility or efficiency of the airport.

b. Subject to the FAA Reauthorization Act of 2018, Public Law 115-254, Section 163, if a change or alteration in the airport or the facilities is made which the Secretary determines adversely affects the safety, utility, or efficiency of any federally owned, leased, or funded property on or off the airport and which is not in conformity with the airport layout plan as approved by the Secretary, the owner or operator will, if requested, by the Secretary (1) eliminate such adverse effect in a manner approved by the Secretary; or (2) bear all costs of relocating such property (or replacement thereof) to a site acceptable to the Secretary and all costs of restoring such property (or replacement thereof) to the level of safety, utility, efficiency, and cost of operation existing before the unapproved change in the airport or its facilities except in the case of a relocation or replacement of an existing airport facility due to a change in the Secretary's design standards beyond the control of the airport sponsor.

30. Civil Rights.

It will promptly take any measures necessary to ensure that no person in the United States shall, on the grounds of race, creed, color, national origin, sex, age, or disability be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in any activity conducted with, or benefiting from, funds received from this grant.

- a. Using the definitions of activity, facility and program as found and defined in §§ 21.23 (b) and 21.23 (e) of 49 CFR § 21, the sponsor will facilitate all programs, operate all facilities, or conduct all programs in compliance with all non-discrimination requirements imposed by, or pursuant to these assurances.
- b. Applicability
 - 1) Programs and Activities. If the sponsor has received a grant (or other federal assistance) for any of the sponsor's program or activities, these requirements extend to all of the sponsor's programs and activities.
 - 2) Facilities. Where it receives a grant or other federal financial assistance to construct, expand, renovate, remodel, alter or acquire a facility, or part of a facility, the assurance extends to the entire facility and facilities operated in connection therewith.
 - 3) Real Property. Where the sponsor receives a grant or other Federal financial assistance in the form of, or for the acquisition of real property or an interest in real property, the assurance will extend to rights to space on, over, or under such property.
- c. Duration.

The sponsor agrees that it is obligated to this assurance for the period during which Federal financial assistance is extended to the program, except where the Federal financial assistance is to provide, or is in the form of, personal property, or real property, or interest therein, or structures or improvements thereon, in which case the assurance obligates the sponsor, or any transferee for the longer of the following periods:

- 1) So long as the airport is used as an airport, or for another purpose involving the provision of similar services or benefits; or
- 2) So long as the sponsor retains ownership or possession of the property.

- d. Required Solicitation Language. It will include the following notification in all solicitations for bids, Requests For Proposals for work, or material under this grant agreement and in all proposals for agreements, including airport concessions, regardless of funding source:

“The **(Name of Sponsor)**, in accordance with the provisions of Title VI of the Civil Rights Act of 1964 (78 Stat. 252, 42 U.S.C. §§ 2000d to 2000d-4) and the Regulations, hereby notifies all bidders that it will affirmatively ensure that any contract entered into pursuant to this advertisement, disadvantaged business enterprises and airport concession disadvantaged business enterprises will be afforded full and fair opportunity to submit bids in response to this invitation and will not be discriminated against on the grounds of race, color, or national origin in consideration for an award.”

- e. Required Contract Provisions.

- 1) It will insert the non-discrimination contract clauses requiring compliance with the acts and regulations relative to non-discrimination in Federally-assisted programs of the DOT, and incorporating the acts and regulations into the contracts by reference in every contract or agreement subject to the non-discrimination in Federally-assisted programs of the DOT acts and regulations.
- 2) It will include a list of the pertinent non-discrimination authorities in every contract that is subject to the non-discrimination acts and regulations.
- 3) It will insert non-discrimination contract clauses as a covenant running with the land, in any deed from the United States effecting or recording a transfer of real property, structures, use, or improvements thereon or interest therein to a sponsor.
- 4) It will insert non-discrimination contract clauses prohibiting discrimination on the basis of race, color, national origin, creed, sex, age, or handicap as a covenant running with the land, in any future deeds, leases, license, permits, or similar instruments entered into by the sponsor with other parties:
 - a. For the subsequent transfer of real property acquired or improved under the applicable activity, project, or program; and
 - b. For the construction or use of, or access to, space on, over, or under real property acquired or improved under the applicable activity, project, or program.
- f. It will provide for such methods of administration for the program as are found by the Secretary to give reasonable guarantee that it, other recipients, sub-recipients, sub-grantees, contractors, subcontractors, consultants, transferees, successors in interest, and other participants of Federal financial assistance under such program will comply with all requirements imposed or pursuant to the acts, the regulations, and this assurance.
- g. It agrees that the United States has a right to seek judicial enforcement with regard to any matter arising under the acts, the regulations, and this assurance.

31. Disposal of Land.

- a. For land purchased under a grant for airport noise compatibility purposes, including land serving as a noise buffer, it will dispose of the land, when the land is no longer needed for such purposes, at fair market value, at the earliest practicable time. That portion of the proceeds of such disposition which is proportionate to the United States' share of acquisition of such land will be, at the discretion of the Secretary, (1) reinvested in another project at the airport, or (2) transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order, (1)

reinvestment in an approved noise compatibility project, (2) reinvestment in an approved project that is eligible for grant funding under Section 47117(e) of title 49 United States Code, (3) reinvestment in an approved airport development project that is eligible for grant funding under Sections 47114, 47115, or 47117 of title 49 United States Code, (4) transferred to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport, and (5) paid to the Secretary for deposit in the Airport and Airway Trust Fund. If land acquired under a grant for noise compatibility purposes is leased at fair market value and consistent with noise buffering purposes, the lease will not be considered a disposal of the land. Revenues derived from such a lease may be used for an approved airport development project that would otherwise be eligible for grant funding or any permitted use of airport revenue.

- b. For land purchased under a grant for airport development purposes (other than noise compatibility), it will, when the land is no longer needed for airport purposes, dispose of such land at fair market value or make available to the Secretary an amount equal to the United States' proportionate share of the fair market value of the land. That portion of the proceeds of such disposition which is proportionate to the United States' share of the cost of acquisition of such land will, (1) upon application to the Secretary, be reinvested or transferred to another eligible airport as prescribed by the Secretary. The Secretary shall give preference to the following, in descending order: (1) reinvestment in an approved noise compatibility project, (2) reinvestment in an approved project that is eligible for grant funding under Section 47117(e) of title 49 United States Code, (3) reinvestment in an approved airport development project that is eligible for grant funding under Sections 47114, 47115, or 47117 of title 49 United States Code, (4) transferred to an eligible sponsor of another public airport to be reinvested in an approved noise compatibility project at that airport, and (5) paid to the Secretary for deposit in the Airport and Airway Trust Fund.
- c. Land shall be considered to be needed for airport purposes under this assurance if (1) it may be needed for aeronautical purposes (including runway protection zones) or serve as noise buffer land, and (2) the revenue from interim uses of such land contributes to the financial self-sufficiency of the airport. Further, land purchased with a grant received by an airport operator or owner before December 31, 1987, will be considered to be needed for airport purposes if the Secretary or Federal agency making such grant before December 31, 1987, was notified by the operator or owner of the uses of such land, did not object to such use, and the land continues to be used for that purpose, such use having commenced no later than December 15, 1989.
- d. Disposition of such land under (a) (b) or (c) will be subject to the retention or reservation of any interest or right therein necessary to ensure that such land will only be used for purposes which are compatible with noise levels associated with operation of the airport.

32. Engineering and Design Services.

Engineering and Design Services. If any phase of such project has received Federal funds under Chapter 471 subchapter 1 of Title 49 U.S.C., it will award each contract, or sub-contract for program management, construction management, planning studies, feasibility studies, architectural services, preliminary engineering, design, engineering, surveying, mapping or related services in the same manner as a contract for architectural and engineering services is negotiated under Chapter 11 of Title 40 U. S. C., or an equivalent qualifications-based requirement prescribed for or by the sponsor of the airport.

33. Foreign Market Restrictions.

It will not allow funds provided under this grant to be used to fund any project which uses any product or service of a foreign country during the period in which such foreign country is listed by the United States Trade Representative as denying fair and equitable market opportunities for products and suppliers of the United States in procurement and construction.

34. Policies, Standards, and Specifications.

It will carry out the project in accordance with policies, standards, and specifications approved by the Secretary including, but not limited to, the advisory circulars listed in the Current FAA Advisory Circulars for AIP projects, dated _____, and included in this grant, and in accordance with applicable state policies, standards, and specifications approved by the Secretary.

35. Relocation and Real Property Acquisition.

- a. It will be guided in acquiring real property, to the greatest extent practicable under State law, by the land acquisition policies in Subpart B of 49 CFR Part 24 and will pay or reimburse property owners for necessary expenses as specified in Subpart B.
- b. It will provide a relocation assistance program offering the services described in Subpart C and fair and reasonable relocation payments and assistance to displaced persons as required in Subpart D and E of 49 CFR Part 24.
- c. It will make available within a reasonable period of time prior to displacement, comparable replacement dwellings to displaced persons in accordance with Subpart E of 49 CFR Part 24.

36. Access By Intercity Buses.

The airport owner or operator will permit, to the maximum extent practicable, intercity buses or other modes of transportation to have access to the airport; however, it has no obligation to fund special facilities for intercity buses or for other modes of transportation.

37. Disadvantaged Business Enterprises.

The sponsor shall not discriminate on the basis of race, color, national origin or sex in the award and performance of any DOT-assisted contract covered by 49 CFR Part 26, or in the award and performance of any concession activity contract covered by 49 CFR Part 23. In addition, the sponsor shall not discriminate on the basis of race, color, national origin or sex in the administration of its Disadvantaged Business Enterprise (DBE) and Airport Concessions Disadvantaged Business Enterprise (ACDBE) programs or the requirements of 49 CFR Parts 23 and 26. The sponsor shall take all necessary and reasonable steps under 49 CFR Parts 23 and 26 to ensure nondiscrimination in the award and administration of DOT-assisted contracts, and/or concession contracts. The sponsor's DBE and ACDBE programs, as required by 49 CFR Parts 26 and 23, and as approved by DOT, are incorporated by reference in this agreement. Implementation of these programs is a legal obligation and failure to carry out its terms shall be treated as a violation of this agreement. Upon notification to the sponsor of its failure to carry out its approved program, the Department may impose sanctions as provided for under Parts 26 and 23 and may, in appropriate cases, refer the matter for enforcement under 18 U.S.C. 1001 and/or the Program Fraud Civil Remedies Act of 1936 (31 U.S.C. 3801).

38. Hangar Construction.

If the airport owner or operator and a person who owns an aircraft agree that a hangar is to be constructed at the airport for the aircraft at the aircraft owner's expense, the airport owner or

operator will grant to the aircraft owner for the hangar a long term lease that is subject to such terms and conditions on the hangar as the airport owner or operator may impose.

39. Competitive Access.

- a. If the airport owner or operator of a medium or large hub airport (as defined in section 47102 of title 49, U.S.C.) has been unable to accommodate one or more requests by an air carrier for access to gates or other facilities at that airport in order to allow the air carrier to provide service to the airport or to expand service at the airport, the airport owner or operator shall transmit a report to the Secretary that-
 - 1) Describes the requests;
 - 2) Provides an explanation as to why the requests could not be accommodated; and
 - 3) Provides a time frame within which, if any, the airport will be able to accommodate the requests.
- b. Such report shall be due on either February 1 or August 1 of each year if the airport has been unable to accommodate the request(s) in the six month period prior to the applicable due date.

9.2 NORTHEAST FLORIDA REGIONAL AIRPORT MINIMUM COMMERCIAL AVIATION OPERATING STANDARDS

PART I - PREAMBLE AND SCOPE

The responsibility for the operation and administration of the Northeast Florida Regional Airport ("Airport") is with the St. Augustine – St. Johns County Airport Authority ("Authority") through the Executive Director ("Director").

These Minimum Commercial Aviation Operating Standards are applicable to all Persons providing commercial aeronautical or aviation related activities or services to the public at the Airport and were developed taking into consideration the aviation role of the Airport, currently existing Airport facilities and services, planned development for the Airport, and promotion of fair and uniform competition taking into account existing providers of services and commodities so as to avoid conferring any unfair advantage. All persons desiring to conduct commercial aeronautical or aviation related activities or services at the Northeast Florida Regional Airport are required to have in place a written operating agreement or a composite lease/operating agreement detailing their respective compliance with this document and policy direction.

An important exclusion to these standards surrounds the provision of "scheduled" commercial airline service conducted under FAR Part 135 or Part 121. Airline agreements are presumed to be negotiated separately from other commercial operating standards.

These Minimum Operating Standards are intended to be the threshold requirements for those desiring to provide commercial aeronautical or aviation related services to the public at the Airport in accordance with the rules and regulations of the Federal Aviation Administration ("FAA"), including FAA Advisory Circular No. 150/5190-7, restrictions of public record, and other Policies of the Authority.¹

Aeronautical activities may be proposed that do not fall within the categories designated in these Operating Minimum Standards. In such case, appropriate Minimum Operating Standards will be established by the Executive Director on a case-by-case basis for such activity and incorporated into the Person's written agreement.

- b. The Applicant's proposed operation or construction would create a safety hazard on the Airport.
- c. The granting of the application will require the expenditure of local funds, labor or materials on the facilities described in or related to the application, or the operation will result in a financial loss to the Airport.
- d. There is no appropriate or adequate available space or building on the Airport to accommodate the entire activity of the Applicant at the time of application.
- e. The proposed operation, Airport development or construction does not comply with the any Land Use Ordinance, Airport Master Plan or Airport Layout Plan.
- f. The development or use of the area requested will result in a congestion of Aircraft or buildings, the overstress of existing facilities, or will result in unduly interfering with the operations of any present FBO on the Airport, such as problems in preventing free access and egress to the existing FBO area, or will result in depriving, without the proper economic study, an existing FBO of portions of its leased area in which it is operating.
- g. Any party applying, or interested in the business, has supplied false information, or has misrepresented any material fact in the application or in supporting documents, or has failed to make full disclosure on the application.

- j.** Any party applying, or having an interest in the business, is not sufficiently credit worthy and responsible in the judgment of the Director to provide and maintain the business to which the application relates and to promptly pay amounts due under the Lease.
- k.** The Applicant does not have the finances necessary to conduct the proposed operation for a minimum period of six (6) months.
- l.** The Applicant has failed to make full disclosure in the application or supporting documents or has made a false or misleading disclosure.
- m.** The Applicant has committed a crime or violated a local ordinance, rule or regulation, which adversely reflects on its ability to conduct the Commercial Operation for which application is made.

PART V - APPEALS AND VARIANCES

- 1.** This Part V only applies to pre-leasing or proposal activity. For appeals of decisions related to an existing lease, the reader is referred to the Administrative Appeal process in the Authority's Lease Policy, Section 8.2. The Authority shall hear appeals when it is alleged that there is an error in any order, requirement, decision or determination made by the Director in the interpretation or enforcement of these Minimum Operating Standards or of any other applicable rule or regulation. The Authority may, upon timely and proper application for appeal and following hearing, determine the decision be reversed or affirmed, wholly or partly, or recommend modifying the order, requirement, decision or determination made by the administrative official in the enforcement of this policy. The Authority shall have the final authority as to the disposition of any appeal.
- 2.** Additionally, the Authority may, upon proper application for variance and following hearing, determine that a variance from the terms of this policy will not be contrary to the public interest when, due to special conditions, a literal enforcement of the provisions of the policy would result in an unnecessary and undue hardship. In order to authorize any variance from the terms of the policy, the Authority must find:

 - a.** That special conditions and circumstances exist which are peculiar to the land, structure or building involved and which are not applicable to other lands, structures or buildings of the same aviation use;
 - b.** That the special conditions and circumstances were not caused by or result from the actions of the Applicant;
 - c.** That granting the variance requested will not give the Applicant any special privilege that is denied by this policy to other lands, buildings or structures of the same aviation use;
 - d.** That literal interpretation of the provisions of the policy would deprive the Applicant of rights commonly enjoyed by other properties of the same aviation use under the terms of the policy and would result in an unnecessary and undue hardship on the Applicant;

- e. That the variance granted is the minimum variance that will make possible the reasonable use of the land, building or structure; and
 - f. That the granting of the variance will be in harmony with the general intent and purpose of the Minimum Operating Standards or Lease Policy and that such variance will not be injurious to the area involved or otherwise detrimental to public welfare.
- 3. The Authority may prescribe appropriate conditions and safeguards in conformity with the aviation use regulations. Violation of such conditions and safeguards, when made a part of the terms under which the variance is granted, shall be deemed a violation of the policy.
- 4. The Authority may prescribe a reasonable time limit within which the action for which the variance is required shall be started, completed or both.
- 5. No variance shall be granted to allow a use that would not otherwise be permitted.
- 6. Procedure for appeals and variances:
 - a. Hearings - Appeals to the Authority for a hearing may be taken by any Person aggrieved by any decision or ruling of the Director or of the Airport which directly affects such Person. Said aggrieved Person must complete and file with the Director an application for appeal within thirty (30) days of such decision or ruling. Failure to file an appeal with the Director within said 30 day time period shall constitute a full waiver of such Person's right to appeal and, consequently, such decision or ruling shall become final and non-appealable. The Hearing shall be conducted under such rules and procedure as may be adopted by the Authority, from time to time.
 - b. Application for an Appeal or Variance - The application (in such form or forms as prescribed) for an appeal or variance shall be completed, duly signed, and filed with the Director. Any Person requesting an appeal or variance shall submit any additional data pertinent to their request with their application filed with the Director. The Authority shall hear requests for variances in the same manner as appeals.
 - c. Final Action by Authority – The Authority may affirm, reverse, or modify, in whole or part, the decision of the Director. The action and written decision of the Authority shall constitute final agency action for purposes of any judicial appeal.
- 7. Required notice for appeals and variances: The Director shall send notice setting forth the time, place and purpose of the hearing to the interested parties. Notice shall be sent by facsimile or certified mail to the owner's facsimile number or address of record maintained by the Director no later than seven (7) days prior to the scheduled hearing date. The Director shall maintain a copy of the facsimile confirmation or mailing certification as evidence of compliance with this section.

THIS LEASE entered into this ____ day of _____, _____, between St. Augustine - St. Johns County Airport Authority, hereinafter referred to as "**LESSOR**", and _____, hereinafter referred to as "**LESSEE**".

WITNESSETH:

1. That the **LESSOR**, for and in consideration of the rental reserved herein, and the covenants and agreements hereinafter made to be kept and performed by **LESSEE**, have demised and leased and does by these presents demise and lease unto **LESSEE** space in the St. Augustine Airport General Aviation Facility (**The FACILITY**), those certain premises known and described as follows:

Terminal Counter Space located on the western end of the counter area which consists of approximately __ square feet. This area is shown on Exhibit "A" attached and labeled "Counter Space."

To have and to hold the above premises to be used and occupied by **LESSEE** for the purpose of operating a _____ Counter, for a term of sixty (60) months commencing on _____, 200X, and ending on _____, 200X.

2. **RENTAL:**

LESSEE shall pay as and for rent of the premises for the initial term the sum of \$____.00 per square foot, per year (\$____.00 X 00 SF = 00.00 /YR.). All rent shall be payable monthly, in advance, on the first day of each month without demand with initial monthly payments equaling \$0.00. In addition to said rental **LESSEE** shall pay any taxes due, including sales tax and personal property tax. In addition, the **LESSEE** shall pay an airport use fee of \$0.00 per vehicle delivered for rental using the Facility. Such fee shall be cumulative and shall be payable based on the total use in a month and will be invoiced by the **LESSOR** on a monthly basis on information provided by the **LESSEE** and consistent with other payment terms contained in this document.

The rental shall be subject to an annual adjustment consistent with the change in the U.S. Consumer Price Index (all urban consumers) for the prior twelve (12) month period. Such adjustment in the annual rental rate shall not apply to the wash rack use fees.

3. **ABATEMENT OF RENT:**

If all or part of premises are restricted from use or damaged by events or occurrences not caused by the fault or neglect of **LESSEE** and **LESSEE'S** ability to use the

damaged section(s) is affected, then the **LESSOR** shall take actions as necessary to allow resumption of use and occupancy of the premises and the rent due hereunder shall be proportionately reduced to reflect both the time and the extent of the deprivation. This paragraph shall not apply to any temporary closing of the airport as a result of normal weather conditions, or closings for Airport sponsored activities, such as air shows, which may require closing of the Airport for less than 24 hours, or properly executed NOTAM closings for properly authorized purposes of the Federal Aviation Administration or the **LESSOR**.

4. **OPTION TO RENEW:**

This lease shall be renewable for additional periods of one (1) year each for a maximum cumulative term of five-years. The rent for the option periods shall be the fair market value as negotiated between the parties, or an amount equal to the previous period rental rate plus the percentage increase in the U.S. Consumer Price Index (all urban consumers) for the prior twelve (12) month period, whichever is greater.

The option not to renew shall be exercised by the **LESSEE** by giving written notice to the **LESSOR**, in accordance with the Notice requirements of Paragraph 17, not less than 60 days before the end of the current lease term or any renewal thereof. Upon receipt of the notice of the **LESSEE'S** intention not to exercise the option to renew the lease, the **LESSEE** shall be given ten (10) days to vacate the leased premises beginning with the end of the expiring lease term.

5. **RIGHT OF FIRST REFUSAL:**

LESSEE acknowledges that the premises would normally include the adjacent office space and that the lease of the counter space would normally represent additional income to the **LESSOR**. As such, the **LESSOR** reserves the right to solicit tenants which would lease the entire premises, including the counter space attached.

In consideration for this continuing right, the **LESSOR** and **LESSEE** have agreed to a "Right of First Refusal" covering the counter and associated office space. The provisions of such right of first refusal shall allow the **LESSEE** the right, when the **LESSOR** is presented with a viable lease proposal from another party, the first right to continue leasing the premises with the addition of the associated office space at the then current market rental value. **LESSOR** agrees to provide written notification to the **LESSEE** of any lease proposal covered by the agreement and **LESSEE** agrees to provide a response as to the option within seventy-two (72) hours of receipt of **LESSOR'S** notification.

The **LESSEE** acknowledges the **LESSOR's** plans relative to a multi-modal transportation facility at a separate location. **LESSEE** further understands that the development of such a facility may require the relocation and/or closure of the premises covered by this agreement. In any event the **LESSOR** and **LESSEE** agree to facilitate the transition into such a facility consistent with the terms of this agreement, should the **LESSOR** require.

6. **COMMON AREAS:**

In addition to leased space, **LESSEE** shall have use of the common areas of the St. Augustine Airport General Aviation Facility in conjunction with others. In the use of the common areas **LESSEE** shall not place any articles in such areas which will interfere or impede others' use of the common areas.

7. **UTILITIES AND MAINTENANCE OF COMMON AREAS IN TERMINAL:**

LESSOR shall be responsible for electrical utilities and maintenance on the leased premises and in common areas associated with the first floor of the FACILITY. Should the **LESSEE** not desire the janitorial services provided herein, the **LESSEE** shall not be entitled to any abatement of rent. It is specifically agreed that the **LESSEE** shall be responsible for the installation, maintenance and cost of service related to phone and/or data services, and provide for build-out of any other utilities used in the premises. It is agreed that maintenance of the common areas is provided to the **LESSEE** by the **LESSOR** as a part of this agreement, unless such use would otherwise not be considered **Reasonable and Ordinary**.

8. **MAINTENANCE OF PREMISES:**

LESSOR shall be responsible for the Reasonable and Ordinary repair, maintenance and upkeep of the leased premises. The **LESSOR'S** obligation in this regard shall exempt all proprietary fixtures or appurtenances provided or facilitated by the **LESSEE**.

9. **ASSIGNMENTS AND SUBLETS:**

LESSEE shall not assign this lease or any right hereunder, nor let or sublet the Premises, or any part thereof, nor suffer or permit any other person or corporation to use any part of said premises.

10. **SIGNS:**

4. DELIVERY OF POSSESSION.

If for any reason Landlord does not deliver possession of the Hangar to Tenant on the Commencement Date, Landlord shall not be subject to any liability for such failure, the Expiration Date shall not change and the validity of this Lease shall not be impaired, but Rent shall be abated until delivery of possession unless such delayed possession extends for more than 20 days, whereupon Tenant may terminate this Lease and be entitled to the return of any and all deposits and rents paid or pre-paid. "Delivery of possession" shall be deemed to occur on the date Landlord tenders delivery of keys to Tenant. If Landlord permits Tenant to enter into possession of the Hangar before the Commencement Date, such possession shall be subject to the provisions of this Lease, including, without limitation, the payment of Rent prorated on a per diem basis.

5. RENT.

a. *Payment of Base Rent*. Tenant agrees to pay the Base Rent for the Hangar. Monthly Installments of Base Rent shall be payable in advance on the first day of each calendar month of the Term. If the Term begins (or ends) on other than the first (or last) day of a calendar month, the Base Rent for the partial month shall be prorated on a per diem basis. Tenant shall pay Landlord the first Monthly Installment of Base Rent when Tenant executes the Lease. All rent shall be paid to Landlord in lawful money of the United States of America, which shall be legal tender at the time of payment, at the office of Landlord or to such other person or at such other place as Landlord may from time to time designate in writing.

b. Adjusted Base Rent.

a. The Base Rent (and the corresponding Monthly Installments of Base Rent) set forth at Section 2a shall be adjusted annually (the "Adjustment Date"), commencing on Tenant's First Adjustment Date (See Section 2.q. hereinabove.)

Adjustments in rent shall be increased annually in proportion to the increase in the United States Consumer Price Index ("CPI") as maintained by the U. S. Department of Labor (Urban Index-All Consumers, All Items). In addition to said Base Rent, Tenant agrees to pay the amount of the rental adjustments as and when hereinafter provided in this Lease.

c. *Definition of Rent.* All costs and expenses which Tenant assumes or agrees to pay to Landlord under this Lease shall be deemed additional rent (which, together with the Base Rent is sometimes referred to as the "Rent"). The Rent shall be paid to the Landlord (or other person) and at such place, as Landlord may from time to time designate in writing, without any prior demand therefor and without deduction or offset, in lawful money of the United States of America.

d. *Taxes Payable by Tenant.* In addition to the Rent and any other charges to be paid by Tenant hereunder, Tenant shall reimburse Landlord for any and all taxes payable by Landlord which are not otherwise reimbursable under this Lease, whether or not now customary or within the contemplation of the parties, where such taxes are upon, measured by or reasonably attributable to (a) the cost or value of Tenant's equipment, furniture, fixtures and other personal property located in the Hangar, or the cost or value of any leasehold improvements made in or to the Hangar by or for Tenant, other than Hangar Standard Work made by Landlord, regardless of whether title to such improvements is held by Tenant or Landlord; (b) the gross or net Rent payable under this Lease, including, without limitation, any rental or gross receipts tax levied by any taxing authority with respect to the receipt of the Rent hereunder; (c) the possession, leasing, operation, management, maintenance, alteration, repair, use or occupancy by Tenant of the Hangar or any portion thereof; or (d) this transaction or any document to which Tenant is a party creating or transferring an interest or an estate in the Hangar. If it becomes unlawful for Tenant to reimburse Landlord for any costs as required under this Lease, the Base Rent shall be revised to net Landlord the same net Rent after imposition of any tax or other charge upon Landlord as would have been payable to Landlord but for the reimbursement being unlawful.

Payment of taxes herein shall specifically include all sales taxes related to this Lease, all personal property taxes and all real property taxes on the Hangar, as may be increased from time to time by local, state and federal governments.

Sales Taxes: Shall be made monthly with the payment of Base Rent.

Ad Valorem Taxes: In the event that real and/or personal property taxes are levied against Landlord for some or all of the value of the Land and the Improvements to be constructed thereon, Tenant shall pay to Landlord each month as additional rent a sum equal to 1/12th of the annual taxes attributable to the Land and Improvements as reasonably estimated by Landlord. In the event of a difference between the exact amount of taxes paid and the estimate by Landlord, the excess or deficiency shall be computed in Landlord's calculation of the ensuing year's estimate or, in the event of the last year of the lease term, refunded by Landlord or paid by Tenant within 30 days of the due date of the taxes.

6. INTEREST AND LATE CHARGES.

If Tenant fails to pay when due any Rent or other amounts or charges which Tenant is obligated to pay under the terms of this Lease, the unpaid amounts shall bear interest at the maximum rate then allowed by law. Tenant acknowledges that the late payment of any Monthly Installment of Base Rent will cause Landlord to lose the use of that money and incur costs and expenses not contemplated under this Lease, including without limitation, administrative and collection costs and processing and accounting expenses, the exact amount of which is extremely difficult to ascertain. Therefore, in addition to interest, if any such installment is not received by Landlord within ten (10) days from the date it is due, Tenant shall pay Landlord a late charge equal to ten percent (10%) of such installment. Landlord and Tenant agree that this late charge represents a reasonable estimate of such costs and expenses and is fair compensation to Landlord for the loss suffered from such nonpayment by Tenant. Acceptance of any interest or late charge shall not constitute a waiver of Tenant's default with respect

to such nonpayment by Tenant nor prevent Landlord from exercising any other rights or remedies available to Landlord under this Lease.

7. SECURITY DEPOSIT.

a. Tenant agrees to deposit with Landlord the Security Deposit set forth at Section 2.0 upon execution of this Lease, as security for Tenant's faithful performance of its obligations under this Lease. Landlord and Tenant agree that the Security Deposit may be commingled with funds of Landlord and Landlord shall have no obligation or liability for payment of interest on such deposit. Tenant shall not mortgage, assign, transfer or encumber the Security Deposit without the prior written consent of Landlord, which may be withheld for any or no reason, and any attempt by Tenant to do so shall be void, without force or effect and shall not be binding upon Landlord.

b. If Tenant fails to pay any Rent or other amount when due and payable under this Lease, or fails to perform any of the terms hereof, Landlord may appropriate and apply or use all or any portion of the Security Deposit for Rent payments or any other amount then due and unpaid, for payment of any amount for which Landlord has become obligated as a result of Tenant's default or breach, and for any loss or damage sustained by Landlord as a result of Tenant's default or breach, and Landlord may so apply or use this deposit without prejudice to any other remedy Landlord may have by reason of Tenant's default or breach. If Landlord so uses any of the Security Deposit, Tenant shall, within ten (10) days after written demand therefore, restore the Security Deposit to the full amount originally deposited; Tenant's failure to do so shall constitute an act of default hereunder and Landlord shall have the right to exercise any remedy provided for at Article 27 hereof. Within fifteen (15) days after the Term (or any extension thereof) has expired or Tenant has vacated the Hangar, whichever shall last occur, and provided Tenant is not then in default on any of its obligations hereunder, Landlord shall return the Security Deposit to Tenant, or, if Tenant has assigned its interest under this Lease, to the last assignee of Tenant. If Landlord sells its interest in the Hangar, Landlord may deliver this deposit to the purchaser of Landlord's interest and thereupon be relieved of any further liability or obligation with respect to the Security Deposit.

8. TENANT'S USE OF THE HANGAR.

a.. Tenant's use of the Hangar shall be limited to the following aeronautical uses:

b. No other use is permitted. No commercial aviation activity shall be conducted utilizing Premises. Tenant shall promptly provide Landlord with a copy of the title or lease demonstrating Tenant's ownership or rights as a Tenant of any aircraft stored at the Premises at the time the aircraft is located on the Premises.

c. Tenant shall use the Hangar solely and only for the purposes set forth in Tenant's Use Clause. Tenant shall not use or occupy the Hangar in violation of law or any covenant, condition or restriction affecting the Hangar or Airport or the certificate of occupancy issued for the Hangar or Building which the Hangar is a part, and shall, upon notice from Landlord, immediately discontinue any use of the Hangar which is declared by any governmental authority having jurisdiction to be a violation of law or the certificate of occupancy. Tenant, at Tenant's own cost and expense, shall comply with all laws, ordinances, regulations, rules and/or any directions of any governmental agencies or authorities having jurisdiction which shall, by reason of the nature of Tenant's use or occupancy of the Hangar, impose any duty upon Tenant or Landlord with respect to the Hangar or its use or occupation. A judgment of any court of competent jurisdiction or the admission by Tenant in any action or proceeding against Tenant that Tenant has violated any such laws, ordinances, regulations, rules and/or directions in the use of the Hangar shall be deemed to be a conclusive determination of that fact as between Landlord and Tenant. Tenant shall not do or permit to be done anything which will invalidate or increase the cost of any fire, extended coverage or other insurance policy covering the Hangar, the Building which the Hangar is a part, or the Airport and/or property located therein, and shall comply with all rules, orders, regulations, requirements and recommendations of the Insurance Services Office or any other

organization performing a similar function. Tenant shall promptly upon demand reimburse Landlord for any additional premium charged for such policy by reason of Tenant's failure to comply with the provisions of this Article. Tenant shall not do or permit anything to be done in or about the Hangar for any improper, immoral, unlawful or objectionable purpose, nor shall Tenant cause, maintain or permit any nuisance in, on or about the Hangar. Tenant shall not commit or suffer to be committed any waste in or upon the Hangar.

d. Tenant shall not store hazardous or toxic materials at the Hangar or on any of the Common Area, the related premises or the Airport. This provision does not refer to aircraft fuel and lubricants stored within an aircraft. The storage of fuel in portable containers, regardless of type, shall not be permitted on any of the related premises.

9. SERVICES AND UTILITIES.

a. Tenant shall be responsible for the payment of all services and utilities in connection with the Hangar. Landlord shall not be in default hereunder or be liable for any damages directly or indirectly resulting from, nor shall the Rent be abated by reason of (i) the installation, use or interruption of use of any of the services or utilities, (ii) failure to furnish or delay in furnishing any such services or utilities, or by the making of necessary repairs or improvements to the Hangar or Airport, or (iii) the limitation, curtailment or rationing of, or restrictions on, use of water, electricity, gas or any other form of energy serving the Hangar or Airport. Landlord shall not be liable under any circumstances for a loss of or injury to property or business, however occurring, through or in connection with or incidental to any such services or utilities. If Tenant uses heat generating machines or equipment in the Hangar which affect the temperature otherwise maintained by the HVAC system, Tenant shall be responsible for installing supplementary air conditioning units in the Hangar and the cost thereof, including the cost of installation, operation and maintenance thereof, shall be paid by Tenant to Landlord.

b. Tenant shall not, without the written consent of Landlord, use any apparatus or device in the Hangar, using in excess of 120 volts, which consumes more electricity than is usually furnished or supplied for the use of Hangar, as determined by Landlord. Tenant shall not connect any apparatus with electric, water, gas or other utility except through existing electrical outlets, faucets, valves or as otherwise existing in the Hangar without first procuring the written consent of Landlord, which Landlord may refuse.

c. Landlord shall not be responsible for furnishing any services or utilities to the Hangar other than the Common Areas, including the elevator.

10. CONDITION OF THE HANGAR.

a. Tenant taking possession of the Hangar shall be deemed conclusive evidence that as of the date of taking possession the Hangar are in good order and satisfactory condition, except for such matters as to which Tenant gave Landlord written notice before the Commencement Date and which Landlord agreed in writing to correct. No promise of Landlord to alter, remodel, repair or improve the Hangar or the Common Areas or Airport and no representation, express or implied, respecting any matter or thing relating to the Hangar or this Lease (including, without limitation, the condition of the Hangar) have been made to Tenant by Landlord or its Broker or Sales Agent, if any, other than as may be contained herein or in a separate exhibit or addendum signed by Landlord and Tenant.

b. Tenant has examined the leased Hangar before entering into this lease and does not rely upon any representation by Landlord as to the condition of the leased Hangar or its suitability for Tenant's purposes.

11. CONSTRUCTION, REPAIRS AND MAINTENANCE.

a. *Landlord's Obligations.* Landlord shall maintain in good order, condition and repair the roof and structural components of the Hangar, as well as the Common Areas of the Hangar. If such maintenance and repairs are necessitated in part or whole by the act, neglect, fault or omission of any duty by Tenant, its agents, servants, employees or visitors, Tenant shall pay to Landlord upon demand the reasonable cost (or portion thereof equitably allocated to Tenant) of such maintenance and repairs

b. *Tenant's Obligations.*

(1) Tenant at Tenant's sole expense shall maintain the Hangar in good order, condition and repair, including the interior surfaces of the ceilings, walls and floors, all doors, automatic door systems, all interior windows, all plumbing,

(3) If Tenant fails to maintain the Hangar in good order, condition and repair, Landlord shall give Tenant notice to do such acts as are reasonably required to so maintain the Hangar. If Tenant fails to promptly commence such work and diligently prosecute it to completion, then Landlord shall have the right to do such acts and expend such funds at the expense of Tenant as are reasonably required to perform such work. Any amount so expended by Landlord shall be paid by Tenant promptly after demand with interest at the prime commercial rate then being charged by Bank of America NT & SA plus two percent (2%) per annum, from the date of such work, but not to exceed the maximum rate then allowed by law. Landlord shall have no liability to Tenant for any damage, inconvenience, or interference with the use of the Hangar by Tenant as a result of performing any such work.

c. Tenant's Operating Obligations:

(1) Tenant shall only use the Hangar for storage of aircraft and activities in support of aircraft storage.

(2) Tenant shall continually abide by any companion agreements related to this Lease, including any FBO Lease or Fuel Farm Lease and a breach of any such agreement shall also be a material breach of this Lease.

This Lease shall be governed by the laws of the state of Florida. This lease is subordinate to the provisions of any existing agreement between the Landlord and the United States of America, the State of Florida or their agencies, relative to the operation of maintenance of the St. Augustine-St. Johns County Airport and specifically subject to all rules and regulations of the Federal Aviation

All work with respect to any addition, alteration or improvement shall be done in a good and workmanlike manner by properly qualified and licensed personnel approved by Landlord, and such work shall be diligently prosecuted to completion. Before the actual commencement of any work for which a claim or lien may be filed, Tenant shall give Landlord notice of the intended commencement date a sufficient time before that date to enable Landlord to post notices of non-responsibility or any other notices which Landlord deems necessary for the proper protection of Landlord's interest in the Premises, Hangar or the Airport, and Landlord shall have the right to enter the Hangar and post such notices at any reasonable time.

d. Landlord may require, at Landlord's sole option, that Tenant provide to Landlord, at Tenant's expense, a lien and completion bond in an amount equal to at least one and one-half (1 1/2) times the total estimated cost of any additions, alterations or improvements to be made in or to the Hangar, to protect Landlord against any liability for mechanic's and materialmen's liens

and to insure timely completion of the work. Nothing contained in this Section 12 shall relieve Tenant of its obligation under Section 12 to keep the Premises, Hangar and Airport free of all liens.

e. Unless their removal is required by Landlord as provided in Section 12, all additions, alterations and improvements made to the Hangar shall become the property of Landlord and be surrendered with the Hangar upon the expiration of the Term; provided, however, Tenant's equipment, machinery and trade fixtures which can be removed without damage to the Hangar shall remain the property of Tenant and may be removed, subject to the provisions of Section 13.

f. Tenant shall have no authority to subject the leased Hangar or any part thereof or any interest of Landlord therein, to a construction or other lien, should any construction, or other liens: be filed against the leased Hangar or any part thereof or any interest of Landlord therein, by reason of Tenant's acts or omissions or because of a claim against Tenant, Tenant shall cause the same to be canceled and discharged of record by bond or otherwise within ten (10) days.

All fixtures, equipment, improvements and appurtenances attached to or built into the Hangar at the commencement of or during the Term, whether or not by or at the expense of Tenant ("Leasehold Improvements"), shall be and remain a part of the Hangar, shall be the property of Landlord and shall not be removed by Tenant, except as expressly provided in Section 13b

b. All movable partitions, business and trade fixtures, machinery and equipment, communications equipment and office equipment located in the Hangar and acquired by or for the account of Tenant, without expense to Landlord, which can be removed without structural damage to the Hangar, and all furniture, furnishings and other articles of movable personal property owned by Tenant and located in the Hangar (collectively "Tenant's Property") shall be and shall remain the property of Tenant and may be removed by Tenant at any time during the Term; provided that if any of Tenant's Property is removed, Tenant shall promptly repair any damage to the Premises or to the Hangar resulting from such removal.

Any of the foregoing acts without such consent shall be void and shall, at the option of Landlord, terminate this Lease. This Lease shall not, nor shall any interest of Tenant herein, be assignable by operation of law without the written consent of Landlord which may be withheld for any or no reason.

b. c. No subletting or assignment shall release Tenant of Tenant's obligations under this Lease or alter the primary liability of Tenant to pay the Rent and to perform all other obligations to be performed by Tenant hereunder. The acceptance of Rent by Landlord from any other person shall not be deemed to be a waiver by Landlord of any provision hereof. Consent to one assignment or subletting shall not be deemed consent to any subsequent assignment or subletting. In the event of default by an assignee or subtenant of Tenant or any successor of Tenant in the performance of any of the terms hereof, Landlord may proceed directly against Tenant without the necessity of exhausting remedies against such assignee, subtenant or successor. Landlord may consent to subsequent assignments of the Lease or sublettings or amendments or modifications to the Lease with assignees of Tenant, without notifying Tenant, or any successor of Tenant, and without obtaining its or their consent thereto and any such actions shall not relieve Tenant of liability under this Lease.

d. If Tenant assigns the Lease or sublets the Hangar or requests the consent of Landlord to any assignment or subletting or if Tenant requests the consent of Landlord for any act that Tenant proposes to do, then Tenant shall, upon demand, pay Landlord an administrative fee of Five Hundred and No/100ths Dollars (\$500.00) plus any attorneys' fees reasonably incurred by Landlord in connection with such act or request.

Tenant shall, on Landlord's request, remove Tenant's Property on or before the Expiration Date and promptly repair all damage to the Premises or Hangar caused by such removal.

b. If Tenant abandons or surrenders the Hangar, or is dispossessed by process of law or otherwise, any of Tenant's Property left on the Hangar shall be deemed to be abandoned, and, at Landlord's option, title shall pass to Landlord under this Lease as by a bill of sale. If Landlord elects to remove all or any part of such Tenant's Property, the cost of removal, including

repairing any damage to the Premises or Hangar caused by such removal, shall be paid by Tenant. On the Expiration Date, Tenant shall surrender all keys to the Hangar.

18. DESTRUCTION OR DAMAGE.

a. If the Hangar or the portion of the Hangar necessary for Tenant's occupancy is damaged by fire, earthquake, act of God, the elements of other casualty, or the Hangar reach age of life, Landlord may terminate this Lease.

b. Nonetheless, if Landlord elects to repair or rebuild the Hangar, upon notice to Tenant given within thirty (30) days after the date of such fire or other casualty, to repair such damage, in which event this Lease shall continue in full force and effect, but the Base Rent shall be partially abated during the time the Premise are not useable.

d. This Lease shall be considered an express agreement governing any case of damage to or destruction of the Premises or Hangar by fire or other casualty, and any present or future law which purports to govern the rights of Landlord and Tenant in such circumstances in the absence of express agreement, shall have no application.

19. AIRPORT OPERATIONS AND IMPROVEMENTS.

a. Landlord reserves the right to make any repairs, improvements, alterations, additions and deletions to the Hangar, the Common Areas, the Airport and any other related areas or property free from any and all liability to the Tenant for loss of business or damages during, leading up to, or associated with the repairs, improvements, alterations, additions and deletions. Tenant specifically waives any and all claims at law or in equity that it may have related thereto. Further, Tenant acknowledges that the Hangar is located at an Airport and operation of the Airport may result in noise, smell, odor, inconvenience, security delays and procedures and other matters associated with aircraft flight, support and operations.

b. It is clearly understood by the Tenant that no right or privilege has been granted which would operate to prevent any person, firm or corporation operating aircraft on the airport performing any services in its own aircraft with its own regular employees (including, but not limited to, maintenance and repair) that it may choose to perform.

c. It is understood and agreed that nothing herein contained shall be construed to grant or authorize the granting of an exclusive right other than to the interior space of the Hangar.

d. Landlord reserves the right to further develop or improve the landing area, taxiways and other facilities of the Airport as it sees fit, regardless of the desires of view of the Tenant, and without interference or hindrance from the Tenant.

e. Landlord reserves the right, but shall not be obligated to Tenant, to maintain and keep in repair the Airport and all publicly owned facilities of the Airport, together with the right to direct and control all activities of Tenant in this regard.

f. This Lease shall be subordinate to the provisions of any existing or future agreement between Landlord and the United States, relative to the operation or maintenance of the Landlord's Airport, the execution of which has been or may be required as a condition precedent to the expenditure of Federal funds for the development of the Landlord's Airport.

20. INDEMNIFICATION.

a. Tenant shall indemnify and hold Landlord harmless against and from liability and claims of any kind for loss or damage to property of Tenant or any other person, or for any injury to or death of any person, arising out of: (1) Tenant's use and occupancy of the Hangar, or any work, activity or other things allowed or suffered by Tenant to be done in, on or about the Hangar; (2) any breach or default by Tenant of any of Tenant's obligations under this Lease; or (3) any negligent or otherwise tortious act or omission of Tenant, its agents, employees, invitees or contractors. Tenant shall at Tenant's expense, and by counsel satisfactory to Landlord, defend Landlord in any action or proceeding arising from any such claim and shall indemnify Landlord against all costs, attorneys' fees, expert witness fees and any other expenses incurred in such action or proceeding.

A copy of each paid up policy (authenticated by the insurer) or certificate of the insurer evidencing the existence and amount of each insurance policy required hereunder shall be delivered to Landlord before the date Tenant is first given the right of possession of the Hangar, annually, and within thirty (30) days after any demand by Landlord therefor. Landlord may, at any time and from time to time, inspect and/or copy any insurance policies required to be maintained by Tenant hereunder. No such policy shall be cancelable except after twenty (20) days written notice to Landlord. Tenant shall furnish Landlord with renewals or "binders" of any such policy at least ten (10) days prior to the expiration thereof. Tenant agrees that if Tenant does not take out and maintain such insurance or not provide proof of same, Landlord may (but shall not be required to) procure said insurance on Tenant's behalf and charge the Tenant the premiums together with a twenty-five percent (25%) handling charge, payable upon demand. Tenant shall have the right to provide such insurance coverage pursuant to blanket policies obtained by the Tenant, provided such blanket policies expressly afford coverage to the Hangar, Landlord, Landlord's Airport and Tenant as required by this Lease.

b. **Property Damage Insurance.** Beginning on the date Tenant is given access to the Hangar for any purpose and continuing until expiration of the Term, Tenant shall procure, pay for and maintain in effect policies of casualty insurance covering (i) all Leasehold Improvements (including any alterations, additions or improvements as may be made by Tenant pursuant to the provisions of Article 12 hereof), and (ii) any other personal property from time to time in, on or about the Hangar, in an amount not less than one hundred percent (100%) of their actual replacement cost from time to time, providing protection against any peril included within the classification "Fire and Extended Coverage" together with insurance against sprinkler damage, vandalism and malicious mischief. The proceeds of such insurance shall be used for the repair or replacement of the property so insured. Upon termination of this Lease following a casualty as set forth herein, the proceeds under (i) shall be paid to Landlord, and the proceeds under (ii) above shall be paid to Tenant.

c. **Liability Insurance.** Tenant shall, at all times during the term hereof and at its own cost and expense, procure and continue in force comprehensive general liability insurance for bodily injury and property damage, adequate to protect Landlord against liability for injury to or death of any person, arising in connection with the construction of improvements on the Hangar or use, operation or condition of the Hangar. Tenant shall abide by any and all parking regulations and rules established from time to time by Landlord, Landlord's parking operator or other security personnel. Tenant acknowledges that any violation of the provisions of this Section may result in immediate termination of this Lease.

24. SIGN CONTROL.

Tenant shall not affix, paint, erect or inscribe any sign, projection, awning, signal or advertisement of any kind to any part of the Hangar or Airport, including without limitation, the inside or outside of windows or doors, without the written consent of Landlord, which may be withheld for any or no reason. Landlord shall have the right to remove any signs or other matter, installed without Landlord's permission, without being liable to Tenant by reason of such removal, and to charge the cost of removal to Tenant as additional rent hereunder, payable within ten (10) days of written demand by Landlord.

If any security deposit or prepaid Rent has been paid by Tenant, Landlord may transfer the security deposit or prepaid Rent to Landlord's successor and upon such transfer, Landlord shall be relieved of any and all further liability with respect thereto.

27. DEFAULT.

27.1. Tenant's Default. The occurrence of anyone or more of the following events shall constitute a default and breach of this Lease by Tenant:

- a. If Tenant abandons or vacates the Hangar; or
- b. If Tenant fails to pay any Rent or any other charges required to be paid by Tenant under this Lease and such failure continues for five (5) days after such payment is due and payable without notice thereof; or

- c. If Tenant fails to promptly and fully perform any other covenant, condition or agreement contained in this Lease and such failure continues for ten (10) days after written notice thereof from Landlord to Tenant or if the failure is repeated after a prior notice; or
- d. If a writ of attachment or execution is levied on this Lease or on any of Tenant's Property; or
- e. If Tenant makes a general assignment for the benefit of creditors, or provides for an arrangement, composition, extension or adjustment with its creditors; or
- f. If Tenant files a voluntary petition for relief or if a petition against Tenant in a proceeding under the federal bankruptcy laws or other insolvency laws is filed and not withdrawn or dismissed within forty-five (45) days thereafter, or if under the provisions of any law providing for reorganization or winding up of corporations, any court of competent jurisdiction assumes jurisdiction, custody or control of Tenant or any substantial part of its property and such jurisdiction, custody or control remains in force unrelinquished, unstayed or unterminated for a period of forty-five (45) days; or
- g. If in any proceeding or action in which Tenant is a party, a trustee, receiver, agent or custodian is appointed to take charge of the Hangar or Tenant's Property (or has the authority to do so) for the purpose of enforcing a lien against the Hangar or Tenant's Property; or
- h. Tenant fails to comply with, fails to abide by or breaches any of Tenant's Operating Obligations as provided for in this Lease.
- i. If Tenant is a partnership or consists of more than one (1) person or entity, if any partner of the partnership or other person or entity is involved in any of the acts or events described in subparagraphs above.

27.2. *Remedies.* In the event of Tenant's default hereunder, then in addition to any other rights or remedies Landlord may have under any law, Landlord shall have the right, at Landlord's option, without further notice or demand of any kind to do the following:

- a. Terminate this Lease and Tenant's right to possession of the Hangar and reenter the Hangar and take possession thereof, and Tenant shall have no further claim to the Hangar or under this Lease; or
- b. Continue this Lease in effect, reenter and occupy the Hangar for the account of Tenant, and collect any unpaid Rent or other charges which have or thereafter become due and payable; or
- c. Reenter the Hangar under the provisions of subparagraph b, and thereafter elect to terminate this Lease and Tenant's right to possession of the Hangar.

If Landlord reenters the Hangar under the provisions of subparagraphs b or c above, Landlord shall not be deemed to have terminated this Lease or the obligation of Tenant to pay any Rent or other charges thereafter accruing, unless Landlord notifies Tenant in writing of Landlord's election to terminate this Lease. In the event of any reentry or retaking of possession by Landlord, Landlord shall have the right, but not the obligation, to remove all or any part of Tenant's Property in the Hangar and to place such property in storage at a public warehouse at the expense and risk of Tenant. If Landlord elects to relet the Hangar for the account of Tenant, the rent received by Landlord from such reletting shall be applied as follows: first, to the payment of any indebtedness other than Rent due hereunder from Tenant to Landlord; second, to the payment of any costs of such reletting; third, to the payment of the cost of any alterations or repairs to the Hangar; fourth to the payment of Rent due and unpaid hereunder; and the balance, if any, shall be held by Landlord and applied in payment of future Rent as it becomes due. If that portion of rent received from the reletting which is applied against the Rent due hereunder is less than the amount of the Rent due, Tenant shall pay the deficiency to Landlord promptly upon demand by Landlord. Such deficiency shall be calculated and paid monthly. Tenant shall also pay to Landlord, as soon as determined, any costs and expenses incurred by Landlord in connection with such reletting or in making alterations and repairs to the Hangar, which are not covered by the rent received from the reletting.

Should Landlord elect to terminate this Lease under the provisions of subparagraph a or c above, Landlord may recover as damages from Tenant the following:

1. *Past Rent.* The worth at the time of the award of any unpaid Rent which had been earned at the time of termination; plus
2. *Rent Prior to Award.* The worth at the time of the award of the amount by which the unpaid Rent which would have been earned after termination until the time of award exceeds the amount of such rental loss that Tenant proves could have been reasonably avoided; plus
3. *Rent After Award.* The worth at the time of the award of the amount by which the unpaid Rent for the balance of the Term after the time of award exceeds the amount of the rental loss that Tenant proves could be reasonably avoided; plus
4. *Proximately Caused Damages.* Any other amount necessary to compensate Landlord for all detriment proximately caused by Tenant's failure to perform its obligations under this Lease or which in the ordinary course of things would be likely to result therefrom, including, but not limited to, any costs or expenses (including attorneys' fees), incurred by Landlord in (a) retaking possession of the Hangar, (b) maintaining the Hangar after Tenant's default, (c) preparing the Hangar for reletting to a new tenant, including any repairs or alterations, and (d) reletting the Hangar, including broker's commissions.

"The worth at the time of the award" as used in subparagraphs 1 and 2 above, is to be computed by allowing interest at the rate of ten percent (10%) per annum. "The worth at the time of the award" as used in subparagraph 3 above, is to be computed by discounting the amount at the discount rate of the Federal Reserve Bank situated nearest to the Hangar at the time of the award plus one percent (1 %).

The waiver by Landlord of any breach of any term, covenant or condition of this Lease shall not be deemed a waiver of such term, covenant or condition or of any subsequent breach of the same or any other term, covenant or condition. Acceptance of Rent by Landlord subsequent to any breach hereof shall not be deemed a waiver of any preceding breach other than the failure to pay the particular Rent so accepted, regardless of Landlord's knowledge of any breach at the time of such acceptance of Rent. Landlord shall not be deemed to have waived any term, covenant or condition unless Landlord gives Tenant written notice of such waiver.

In addition to the above remedies, any default by Tenant shall result in all of Tenant's fixtures immediately and automatically becoming the sole and exclusive possessions of Landlord and shall not be removed from the Hangar.

27.3 Landlord's Default. If Landlord fails to perform any covenant, condition or agreement contained in this Lease within thirty (30) days after receipt of written notice from Tenant specifying such default, or if such default cannot reasonably be cured within thirty (30) days, if Landlord fails to commence to cure within that thirty (30) day period, then Tenant may terminate this Lease. Tenant shall not have the right to self-help or cure that default at Landlord's expense. Tenant shall not have the right to withhold, reduce or offset any amount against any payments of Rent or any other charges due and payable under this Lease except as otherwise specifically provided herein.

28. BROKERAGE FEES.

Tenant warrants and represents that it has not dealt with any real estate broker or agent in connection with this Lease or its negotiation except those noted in Section 2.o. Tenant shall indemnify and hold Landlord harmless from any cost, expense or liability (including costs of suit and reasonable attorneys' fees) for any compensation, commission or fees claimed by any other real estate broker or agent in connection with this Lease or its negotiation by reason of any act of Tenant.

29. NOTICES.

All notices, approvals and demands permitted or required to be given under this Lease shall be in writing and deemed duly served or given if personally delivered or sent by certified or registered U .S. mail, postage prepaid, and addressed as follows: (a) if to Landlord, to Landlord's Mailing Address and to the Hangar manager, and (b) if to Tenant, to Tenant's Mailing Address; provided, however, notices to Tenant shall be deemed duly served or given if delivered or mailed to Tenant at the Hangar. 30. GOVERNMENT ENERGY OR UTILITY CONTROLS.

In the event of imposition of federal, state or local government controls, rules, regulations, or restrictions on the use or consumption of energy or other utilities during the Term, both Landlord and Tenant shall be bound thereby. In the event of a difference in interpretation by Landlord and Tenant of any such controls, the interpretation of Landlord shall prevail, and Landlord shall have the right to enforce compliance therewith, including the right of entry into the Hangar to effect compliance.

31. QUIET ENJOYMENT.

Tenant, upon paying the Rent and performing all of its obligations under this Lease, shall peaceably and quietly enjoy the Hangar, subject to the terms of this Lease and to any mortgage, lease, or other agreement to which this Lease may be subordinate.

Landlord reserves unto itself, its successors and assigns, for the use of and benefit of the public, a right of flight for the passage of aircraft in the airspace above the surface of the real property associated with the Leased Hangar along with the right to cause in such airspace noise as may be inherent in the operation of aircraft, now known or hereafter used, for navigation of or flight in said airspace, and for the use of such airspace for landing on, taking off from, or operating on the St. Augustine-St. Johns County Airport Authority. The judgment of any court of competent jurisdiction or the admission of Tenant in any action against Tenant, whether Landlord is a party thereto or not, that Tenant has violated any law, ordinance or governmental rule, regulation or requirement, shall be conclusive of that fact as between Landlord and Tenant.

33. FORCE MAJEURE.

Nothing in this Article 33 shall excuse or delay Tenant's obligation to pay Rent or other charges under this Lease.

Landlord shall not be deemed in default with respect to any of the terms, covenants, conditions and provisions of this Lease on Landlord's part to be performed if Landlord fails to timely perform same and such failure is due in whole or in part to any strike, lockout, labor trouble (whether legal or illegal), civil disorder, inability to procure materials, failure of power, restrictive governmental laws or regulations, riots, insurrections, war, fuel shortages, accidents, casualties, Acts of God, acts caused

directly or indirectly by Tenant (or Tenant's agents, employees or invitees), mechanical breakdown, repair, servicing or any other cause beyond the reasonable control of Landlord.

34. CURING TENANT'S DEFAULTS.

If Tenant defaults in the performance of any of its obligations under this Lease, Landlord may (but shall not be obligated to) without waiving such default, perform the same for the account at the expense of Tenant. Tenant shall pay Landlord all costs of such performance promptly upon receipt of a bill therefor. Should the default related to an unauthorized aircraft being on or in the Hangar, Landlord may remove the aircraft from the Hangar and relocate any such aircraft to another area of the Airport at the sole discretion of the Landlord and charge a market rent for the hangar or paver apron area occupied by such aircraft and lien such aircraft for nonpayment.

36. MISCELLANEOUS.

a. *Accord and Satisfaction, Allocation of Payments.* No payment by Tenant or receipt by Landlord of a lesser amount than the Rent provided for in this Lease shall be deemed to be other than on account of the earliest due Rent, nor shall any endorsement or statement on any check or letter accompanying any check or payment as Rent be deemed an accord and satisfaction, and Landlord may accept such check or payment without prejudice to Landlord's right to recover the balance of the Rent or pursue any other remedy provided for in this Lease. In connection with the foregoing, Landlord shall have the absolute right in its sole discretion to apply any payment received from Tenant to any account or other payment of Tenant then not current and due or delinquent.

d. *Captions, Articles and Section Numbers.* The captions appearing within the body of this Lease have been inserted as a matter of convenience and for reference only and in no way define, limit or enlarge the scope or meaning of this Lease. All references to Article and Section numbers refer to Articles and Sections in this Lease.

e. *Changes Requested by Lender.* Neither Landlord or Tenant shall unreasonably withhold its consent to changes or amendments to this Lease requested by the lender on Landlord's interest, so long as these changes do not alter the basic business terms of this Lease or otherwise materially diminish any rights or materially increase any obligations of the party from whom consent to such charge or amendment is requested.

f. *Choice of Law.* This Lease shall be construed and enforced in accordance with the laws of the State of Florida. The parties waive trial by jury. Venue shall be exclusively State Court in St. Johns County, Florida.

g. *Consent.* Notwithstanding anything contained in this Lease to the contrary, Tenant shall have no claim, and hereby waives the right to any claim against Landlord for money damages by reason of any refusal, withholding or delaying by Landlord of any consent, approval or statement of satisfaction, and in such event, Tenant's only remedies therefor shall be an action for specific performance, injunction or declaratory judgment to enforce any right to such consent, etc.

h. *Corporate Authority.* If Tenant is a corporation, each individual signing this Lease on behalf of Tenant represents and warrants that he is duly authorized to execute and deliver this Lease on behalf of the corporation, and that this Lease is binding on Tenant in accordance with its terms. Tenant shall, at Landlord's request, deliver a certified copy of a resolution of its board of directors authorizing such execution.

i. *Counterparts.* This Lease may be executed in multiple counterparts, all of which shall constitute one and the same Lease.

j. *Execution of Lease; No Option.* The submission of this Lease to Tenant shall be for examination purposes only, and does not and shall not constitute a reservation of or option for Tenant to lease, or otherwise create any interest of Tenant in the Hangar or any other premises within the Hangar or Airport. Execution of this Lease by Tenant and its return to Landlord shall not be binding on Landlord notwithstanding any time interval, until Landlord has in fact signed and delivered this Lease to Tenant.

k. *Further Assurances.* The parties agree to promptly sign all documents reasonably requested to give effect to the provisions of this Lease.

l. *Radon Gas Disclosure.* Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Levels of radon that exceed federal and state guidelines have been found in buildings in Florida. Additional information regarding radon and radon testing may be obtained from your county public health unit.

m. *Prior Agreements; Amendments.* This Lease contains all of the agreements of the parties with respect to any matter covered or mentioned in this Lease, and no prior agreement or understanding pertaining to any such matter shall be effective for any purpose. No provisions of this Lease may be amended or added to except by an agreement in writing signed by the parties or their respective successors in interest.

n. *Recording.* Tenant shall not record this Lease.

o. *Security.* Landlord makes no implication or guarantees as to the provision of security of the leasehold. The Tenant is solely responsible for the security of the Hangar. Tenant shall comply with any and all security policies, measures or requirements established by Landlord or FAA related to the Hangar or Airport.

p. *Severability.* A final determination by a court of competent jurisdiction that any provision of this Lease is invalid shall not affect the validity of any other provision, and any provision so determined to be invalid shall, to the extent possible, be construed to accomplish its intended effect.

q. *Successors and Assigns.* This Lease shall apply to and bind the heirs, personal representatives, and permitted successors and assigns of the parties.

r. *Time of the Essence.* Time is of the essence of this Lease.

s. *Waiver.* No delay or omission in the exercise of any right or remedy of Landlord upon any default by Tenant shall impair such right or remedy or be construed as a waiver of such default.

The receipt and acceptance by Landlord of delinquent Rent shall not constitute a waiver of any other default; it shall constitute only a waiver of timely payment for the particular Rent payment involved.

No act or conduct of Landlord, including, without limitation, the acceptance of keys to the Hangar, shall constitute an acceptance of the surrender of the Hangar by Tenant before the expiration of the Term. Only a written notice from Landlord to Tenant shall constitute acceptance of the surrender of the Hangar and accomplish a termination of the Lease.

Landlord's consent to or approval of any act by Tenant requiring Landlord's consent or approval shall not be deemed to waive or render unnecessary Landlord's consent to or approval of any subsequent act by Tenant.

Any waiver by Landlord of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of the Lease.

t. *Compliance.* The parties hereto agree to comply with all applicable federal, state and local laws, regulations, codes, ordinances and administrative orders having jurisdiction over the parties, property or the subject matter of this Agreement, including, but not limited to, the 1964 Civil Rights Act and all amendments thereto, the Foreign Investment In Real Property

If Owner permits User to begin use of the Unit before the Commencement Date, such possession shall be subject to the provisions of this Use Agreement, including, without limitation, the payment of Use Payment prorated on a per diem basis. User beginning use of the Unit shall be deemed conclusive evidence that as of the date of first use the Unit is in good order and satisfactory condition.

No act or conduct of Owner, including, without limitation, the acceptance of keys to the Unit, shall constitute an acceptance of the surrender of the Unit by User before the expiration of the Term. a. Casualty. If, at any time after the execution of this Lease, the Demised Premises, or any portion thereof, should be damaged or destroyed (other

than by fault or omission of the Tenant) the following provisions shall govern the rights and obligations of Landlord and Tenant:

1. If such damage or destruction occurs and is to the extent of fifty percent (50%) or more of the then current actual cash value of the Improvements, Landlord or Tenant may elect to terminate this Lease by giving at least fifteen (15) days written notice of its said election to the other party, such notice to be given within thirty (30) days after the date of such damage or destruction. If neither Landlord nor Tenant shall elect to terminate this Lease, Landlord shall repair, reconstruct or restore the Demised Premises in accordance with the provisions of subparagraph 13.A.(2), below.

2. Except as provided in subparagraph 13.A.(1) above, in the event the Demised Premises, or any portion thereof, should be damaged or destroyed by any casualty insured under any fire and extended coverage insurance policy or policies required on the part of Landlord to be maintained hereunder, this Lease shall nevertheless continue in full force and effect (except as otherwise herein provided) and Landlord shall promptly commence and with due diligence complete the repair, reconstruction or restoration of the Demised Premises so far as practicable to the condition in which the Premises were immediately prior to such damage or destruction. Landlord's obligation under this Paragraph 15.A.(2) however, shall in no event exceed the scope of the work that was done by Landlord in the original construction and improvement of the Demised Premises.

c. Abatement of Rent. During the period commencing with the date of any such damage or destruction which Landlord is required or elects hereunder to repair, reconstruct or restore, and ending with the completion of such repairs, reconstruction or restoration, the Base Rent shall be proportionately abated in an amount equal to the proportion thereof which the number of square feet or gross floor area in the Demised Premises rendered untenable thereby bears to the total number of square feet of gross floor area in the Demised Premises immediately prior to such damage or destruction. Payment of the full amount of Base Rent and all other charges shall resume upon the completion of such work of repair, reconstruction or restoration.

d. Effect of Termination. In the event this Lease is terminated under any of the provisions of this Paragraph 13, such termination shall become effective at the time and in accordance with the respective provisions herein contained for the

termination of this Lease. In the event of such termination all rentals and other charges on the part of Tenant to be paid hereunder shall be prorated and paid either as of the date of such damage or destruction, or as of the date Tenant ceases doing any business in, upon or from the Demised Premises, whichever last occurs.

14. **DEFAULT BY TENANT/REMEDIES**

a. Defaults. The occurrence of any one or more of the following events shall constitute a material default and breach of this Lease by Tenant:

1. The failure by Tenant to make any payment of rent or any other payment required to be made by Tenant hereunder, within fifteen (15) days of when due.
2. The failure by Tenant to observe or perform any of the covenants, conditions or provisions of this Lease other than described in Paragraph 14.A.(1) above, where such failure shall continue for a period of thirty (30) days after written notice hereof from Landlord to Tenant.
3. a) The making by Tenant of any general arrangement or assignment for the benefit of creditors; b) Tenant becomes a "debtor" as defined in 11 U.S.C. However, in the event that any provision of this subparagraph 14A.(3) is contrary to any applicable law, such provision shall be of no force or effect.

b. Remedies. In the event of any such material default or breach by Tenant, Landlord may at any time thereafter, with or without notice or demand and without limiting Landlord in the exercise of any right or remedy which Landlord may have by reason of such default or breach:

1. Terminate Tenant's right to possession of the Demised Premises by any lawful means, in which case this Lease shall terminate and Tenant shall immediately surrender possession of the Demised Premises to Landlord, In such event, Landlord shall be entitled to recover from Tenant all damages incurred by Landlord by reason of Tenant's default including, but not limited to, the cost

of recovering possession of the Demised Premises; expenses of reletting, including necessary renovation and alteration of the Demised Premises, reasonable attorney's fees, and any real estate commission actually paid.

2. Maintain Tenant's right to possession in which case this Lease shall continue in effect whether or not Tenant shall have abandoned the Demised Premises. In such event, Landlord shall be entitled to enforce all of Landlord's rights and remedies under this Lease, including the right to recover the rent as it becomes due hereunder.

3. Pursue any other remedy now or hereafter available to Landlord under the laws or judicial decisions of the state wherein the Demised Premises are located. Unpaid installments of rent and other unpaid monetary obligations of Tenants under the terms of this Lease shall bear interest from the date due at the rate of twelve percent (12%) per annum.

15. **DEFAULT BY LANDLORD.** Should default be made by Landlord and continue for thirty (30) days after written notice from Tenant specifying such default in the performance of any covenant herein contained on the part of Landlord to be kept or performed, or should any warranty or representation made herein by Landlord be untrue and remain untrue after thirty (30) days written notice from Tenant specifying such untruth, then in such event Tenant may at Tenant's option terminate this Lease by written notice to Landlord and take such action or pursue such remedy as may be permitted under the laws of the State of Florida.

16. **ACCESS TO DEMISED PREMISES.** Landlord shall have the right to place, maintain and repair all utility equipment of any kind in, upon or under the Demised Premises. Landlord shall also have the right to enter the Demised Premises at all reasonable times to inspect and to make such repairs additions, alterations or improvements as Landlord may deem desirable. Landlord shall be allowed to take all material in, to and upon the Demised Premises that may be required therefore without the same constituting an eviction of Tenant in whole or in part and the rents reserved shall in no wise abate while said work is in progress. If Tenant shall not be personally present to permit an entry into the Demised Premises when for any reason an entry therein shall be permissible, Landlord may enter the same by a master key (or in the event of emergency or to prevent waste, by the use of force) without rendering Landlord liable therefore and without in any manner affecting the obligations of this Lease. The provisions of this paragraph shall in no wise be construed to impose upon Landlord any obligation whatsoever for the maintenance or repair of the building or any part thereof except as otherwise herein specifically provided.

17. **SUBORDINATION AND NON-DISTURBANCE.**

a. Landlord hereby covenants, warrants and agrees that at all times during the terms of this Lease, provided Tenant is not in default hereunder, Tenant's full, peaceful and quiet possession of the Demised Premises shall not be disturbed by Landlord.

b. Upon written request by Landlord, Tenant shall execute and deliver an agreement subordinating this Lease to any first mortgage upon the Demised Premises; provided, however, such subordination shall be upon the express condition that the validity of this Lease shall be recognized by the mortgagee, and that, notwithstanding any default by the mortgagor with respect to said mortgage or any foreclosure thereof, Tenant's possession and right of use under this Lease in and to the Demised Premises shall not be disturbed by such mortgagee unless and until Tenant shall breach any of the provisions hereof and this Lease or Tenant's right to possession hereunder shall have been terminated in accordance with the provisions of this Lease.

18. **ESTOPPEL CERTIFICATE.** Tenant shall at any time and from time to time, upon not less than fifteen (15) days prior written notice from Landlord, execute, acknowledge, and deliver to Landlord a statement in writing certifying certain facts including, without limitation, that this Lease is unmodified and in full force and effect (or, if modified, stating the nature of such modification and certifying that this Lease, as so modified, is in full force and effect) and the dates to which the rental, and other charges, if any, are paid in advance, and acknowledging that there are not, to Tenant's knowledge, any uncured defaults on the part of Landlord hereunder, and no events or conditions then in existence which, with the passage of time or notice or both, would constitute a default on the part of Landlord hereunder, or specifying such defaults, events, or conditions, if any are claimed. It is expressly understood and agreed that any prospective purchaser or encumbrances of all or any portion of the Demised Premises or of the real property of which it is a part shall be entitled to rely upon any such statement. Tenant's failure to deliver such statement within such time shall, at the option of Landlord, constitute a breach or default under this Lease. If such option is not so exercised by Landlord, Tenant's failure shall be conclusive upon Tenant that (i) this Lease is in full force and effect without modification except as may be represented by Landlord; (ii) that there are no uncured defaults in Landlord's performance; and (iii) that not more than two (2) months' rental has been paid in advance.

19. **QUIET ENJOYMENT.** Tenant, upon paying the rents and performing all of the terms on its part to be performed, shall peaceably and quietly enjoy the Demised Premises subject, nevertheless, to the terms of this Lease and to any mortgage, ground lease or agreements to which this Lease is subordinated and covenants, conditions, restrictions and encumbrances appearing in the public records prior to the date of this Lease.

20. **TERMINATION.** Tenant may terminate this lease during the term hereof upon ninety (90) days prior written notice to Landlord or upon provision of notice of "fiscal nonfunding" should funds designated for the payment of rent not be appropriated by the applicable governmental agency.

21. **END OF TERM.**

a. At the expiration of this Lease, Tenant shall surrender the Demised Premises in the same condition as it was in upon delivery of possession thereto under this Lease, reasonable wear and tear accepted, and shall deliver all keys to Landlord. Before surrendering the Demised Premises, Tenant may remove all its personal property, trade fixtures, and decorations, and signage and shall repair any damage caused thereby. Tenant's obligations to perform this provision shall survive the end of the term of this Lease.

b. If the premises are not surrendered at the end of the term, then Tenant shall indemnify Landlord against loss or liability resulting from delay by Tenant in so surrendering the Premises, including, without limitation, any claims founded on such delay made by any succeeding occupant of the premises or any part thereof, and Tenant shall be liable to Landlord for any and all legal expenses, costs, and fees incurred by Landlord in obtaining the possession of the Demised Premises.

22. **HOLDING OVER.** Any holding over after the expiration of this term or any renewal term shall be construed to be a tenancy from month to month and shall otherwise be on the terms herein specified so far as applicable.

23. **NO WAIVER.** Failure of Landlord or Tenant to insist upon the strict performance of any provision or to exercise any option or enforce any rules and regulations shall not be construed as a waiver for the future of any such provision, rule or option. The receipt by Landlord of rent with knowledge of the breach of any provision of this Lease shall not be deemed a waiver of such breach. No provision of this Lease shall be deemed to have been waived unless such waiver be in writing signed by the party purporting to waive the provision in question.

24. **NOTICES.** Any notice, demand, request or other instrument which may be or required to be given under this Lease shall be delivered in person, sent by United States Certified or Registered Mail, postage prepaid, or sent by a reputable overnight courier service and shall be addressed to either party at the address as herein above given. Either party may designate such other address as shall be given by written notice.

25. **PARTIAL INVALIDITY.** If any provision of this Lease or application thereof to any person or circumstance shall, to any extent, be invalid, the remainder of this Lease

or the application of such provision to persons or circumstances other than those as to which it is held invalid shall not be affected thereby and each provision of this Lease shall be valid and enforced to the fullest extent permitted by law.

26. **SUCCESSORS AND ASSIGNS.** Except as otherwise expressly provided, all provisions herein shall be binding upon and shall inure to the benefit of the parties, their legal representatives, successors and assigns and any sale by Landlord of the Demised Premises shall be subject to this Lease provided the Tenant is not in default at the time of such sale.

27. **ENTIRE AGREEMENT.** This Lease and the Exhibits hereto, set forth the entire agreement between the parties. Any prior conversations or writings are merged herein and extinguished. No subsequent amendment to this Lease shall be binding upon Landlord or Tenant unless reduced to writing and signed by the party sought to be charged. Submission of this Lease for examination does not constitute an option for the Demised Premises and becomes effective as a Lease only upon execution and delivery thereof by Landlord to Tenant. It is herewith agreed that this Lease contains no restrictive covenants in favor of Tenant. The captions and numbers appearing herein are inserted only as a matter of convenience and are intended to define, limit, construe or describe the scope or intent of any paragraph, nor in any way affect this Lease.

28. **NO PARTNERSHIP.** Nothing contained in this Lease shall, or shall be deemed or construed so as to create the relationship of principal-agent, joint ventures, co-adventurers, partners or covenants between Landlord and Tenant; it being the express intention of the parties that they are and shall remain independent contractors one as to the other.

29. **RADON GAS DISCLOSURE.** Radon is a naturally occurring radioactive gas that, when it has accumulated in a building in sufficient quantities, may present health risks to persons who are exposed to it over time. Landlord also may recover double rent for the period during which Tenant refuses to vacate the Premises.

(B) If Tenant defaults under the Lease by failing to pay rent, as set forth in Section X11(B)(1), Landlord may terminate Tenant's rights under the Lease and Tenant shall vacate the Premises immediately. Further, Landlord may recover possession of the Premises as provided by law. If Tenant defaults under the Lease for any other reason, Landlord may terminate Tenant's rights under the Lease and Tenant shall vacate the Premises within 7 days of delivery of the notice of termination. Further, Tenant shall forfeit its security deposit.

(C) If Tenant fails to cure a default within the time specified in the notice to Tenant, Landlord may recover possession of the Premises as provided by law.

(D) If Tenant has defaulted under the Lease and Landlord has obtained a writ of possession, if Tenant has surrendered possession of the Premises to Landlord, or if Tenant has abandoned the Premises, Landlord may:

1. Treat the Lease as terminated, retake possession for Landlord's own account, and any further liability of Tenant will be ended;

2. Retake possession of the Premises for Tenant's account. Tenant will remain liable for the difference between rent agreed to be paid under the Lease and rent Landlord is able to recover in good faith from a new tenant; or

3. Do nothing, and Tenant will be liable for the rent as it comes due.

(E) If Landlord retakes possession of the Premises for Tenant's account, Landlord must make a good faith effort to release the Premises. Any rent received by Landlord as a result of the new lease shall be deducted from the rent due from Tenant. For purposes of this section, "good faith" in trying to release the Premises means that Landlord shall use at least the same efforts to release the Premises as were used in the initial rental or at least the same efforts as Landlord uses in attempting to lease other similar property. It does not require Landlord to give a preference in leasing the Premises over other vacant properties that Landlord owns or has the responsibility to rent.

(F) Tenants shall pay to Landlord the equivalent of Lease Payments, in the event Tenant terminates the Lease prior to its terms.

(G) Each party will have any other remedies available at law or in equity.

(H) **Attorney's Fees.** In any lawsuit brought by Landlord to enforce the Lease or under applicable law and prevails, Landlord shall recover its reasonable court costs and attorneys' fees (including those expended in any bankruptcy proceedings or appellate proceedings) from Tenant.

XIV. ASSIGNMENT AND SUBLEASING. Tenant can not assign the Lease or sublease all or any part of the Premises.

XV. RISK OF LOSS. Landlord shall not be liable for any loss by reason of damage, theft, or otherwise to the contents, belongings, and personal effects of the Tenant, or Tenant's family, agents, employees, guests, or visitors located in or about the Premises, or for damage or injury to Tenant or Tenant's family, agents, employees, guests, or visitors.

Tenant agrees to accept Premises in "as is" condition with regard to any condition or item that Tenant would be able to observe in an inspection of the Premises prior to leasing and occupancy.

Tenant will be held liable for willful or negligent damage done to the Premises, fixture, appliances or flooring caused by the tenant or by persons introduced to the Premises by the Tenant.

Tenant will promptly check the inventory of the Premises and the fixtures and return a signed copy of the inventory to Landlord within 5 days, noting any exceptions; otherwise Tenant assumes liability for all items on inventory.

XVI. LIENS. Tenant shall not have the right or authority to encumber the Premises or to permit any person to claim or assert any lien for the improvement or repair of the Premises made by Tenant. Tenant shall notify all parties performing work on the Premises at Tenant's request that the Lease does not allow any liens to attach to Landlord's interest.

XVII. RENEWAL/EXTENSION/TERMINATION. The Lease can be renewed or extended only by a written agreement signed by both Landlord and Tenant, but no renewal may extend the term to a date more than 1 year after the Lease begins. A new lease is required for each year.

Landlord may terminate this lease at its sole discretion and without cause upon thirty (30) days notice to Tenant.

XVIII. INSURANCE: Tenant acknowledges that the Landlord does not carry nor extend insurance coverage related to any of the Tenant's contents or belongings.

Contents insurance is at the discretion of the Tenant.

Tenant agrees to hold harmless the Landlord for any damage occurring as the result of any action other than gross negligence on the part of Landlord. Tenant agrees, at Tenant's expense, to maintain in force continuously throughout the term of this lease and extensions hereof, a tenant homeowners policy covering liability with limits of \$300,000 for injury to one person, and medical payments of \$5,000 per person, and shall upon written request of Landlord, furnish Landlord a certificate by insurer that such insurance is in force,
